WE DEDICATE TO OUR

CHECKING THE RESULTS of the Dad's Club election for the fourth-coming year are Mr. L. Doyle, Mr. Basford, Mr. J. Walker, and Mr. Roche.

DIRECTORS OF THE DADS' CLUB: Seated: Mr. T. J. McIntosh, President, Rev. G. F. Stein, S.J., Mr. J. J. Walker, Vice-President.

Standing: Mr. E. Dilworth, Mr. F. Grady, Dr. W. Russell, Mr. G. Dillworth, Secretary, Mr. J. Deane, Mr. T. Ryan, Mr. L. Doyle, Treasurer, Mr. J. Roche, Mr. J. Trainor, Mr. P. Spellman, Mr. V. Mann.

MOTHERS AND DADS

YULETIDE CHEER AND TRAPPINGS! Mr. Nugent, Mrs. Ludwig, Mrs. Nugent, and Mr. Ludwig wrap Christmas gifts for the faculty Christmas shower.

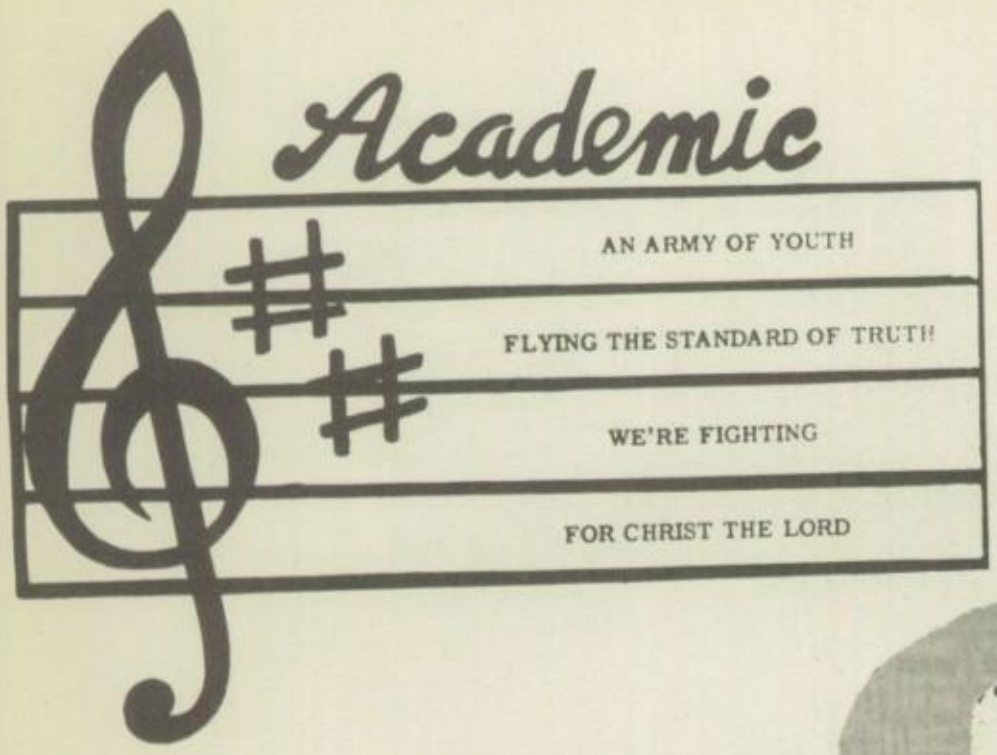
FR. McLAUGHLIN LENDS assistance to Mrs. E. Tracy, Mrs. G. Dillworth, and Mrs. V. Russel at the Gala Nite drawing.

Always traditional at U. of D. has been the interest which parents take in the welfare of their sons. The school boasts two parent organizations, the Dads' Club and the Mothers' Club, both of which work exclusively for the students' benefit.

The Dads' Club, organized in 1937, numbers among its many achievements the erection of the handball courts, the conversion of the old library into a senior lounge, and many other improvements around the school. Its most notable contribution, however, is the new gym completed in 1949. The magnificent $350,000 structure was the realization of a seven-year dream for the Dads' Club and its present director, Rev. G. F. Stein, S.J. The gym stands as a fitting symbol of the untiring efforts of the Dads of U. of D. High.

In carrying out its aim of attaining a closer relationship between home and school, the Mothers' Club has contributed much to the students' enjoyment and comfort. Every year the Mothers stage Gala Nite, an evening of dancing for the student and bingo and cards for the parents.

OFFICERS OF THE MOTHERS' CLUB: Mrs. Vincent Russell, Treasurer; Mrs. Ambrose Crusoe, Parliamentarian; Mrs. George Dillworth, President; Mrs. Lloyd Neff, Recording Secretary; Mrs. Lester McCarren, Corresponding Secretary; Mrs. Henry Maurer, First Vice-President.



Anyone walking through the corridors of the University of Detroit High School can often hear the voices of the students raised in unison at morning Mass as they sing "For Christ the King." In the words and phrases of this song are summarized all the aims and ideals of the U. of D. High student's life—service of and honor for Christ the King.

FOR CHRIST THE KING
(Rev. D. Lord, S.J.)

An army of youth, flying the standards of truth,
We're fighting for Christ, the Lord.
Heads lifted high, Catholic Action our cry,
And the Cross our only sword.
On earth's battle field, never a vantage we'll yield
As dauntlessly on we swing.
Comrades true, dare and do
'Neath the Queen's white and blue,
For our flag, for our faith,
For Christ the King.

A couplet from the chorus of this song represents school life in each of its four phases: Academic, Activities, Sports, Spiritual.

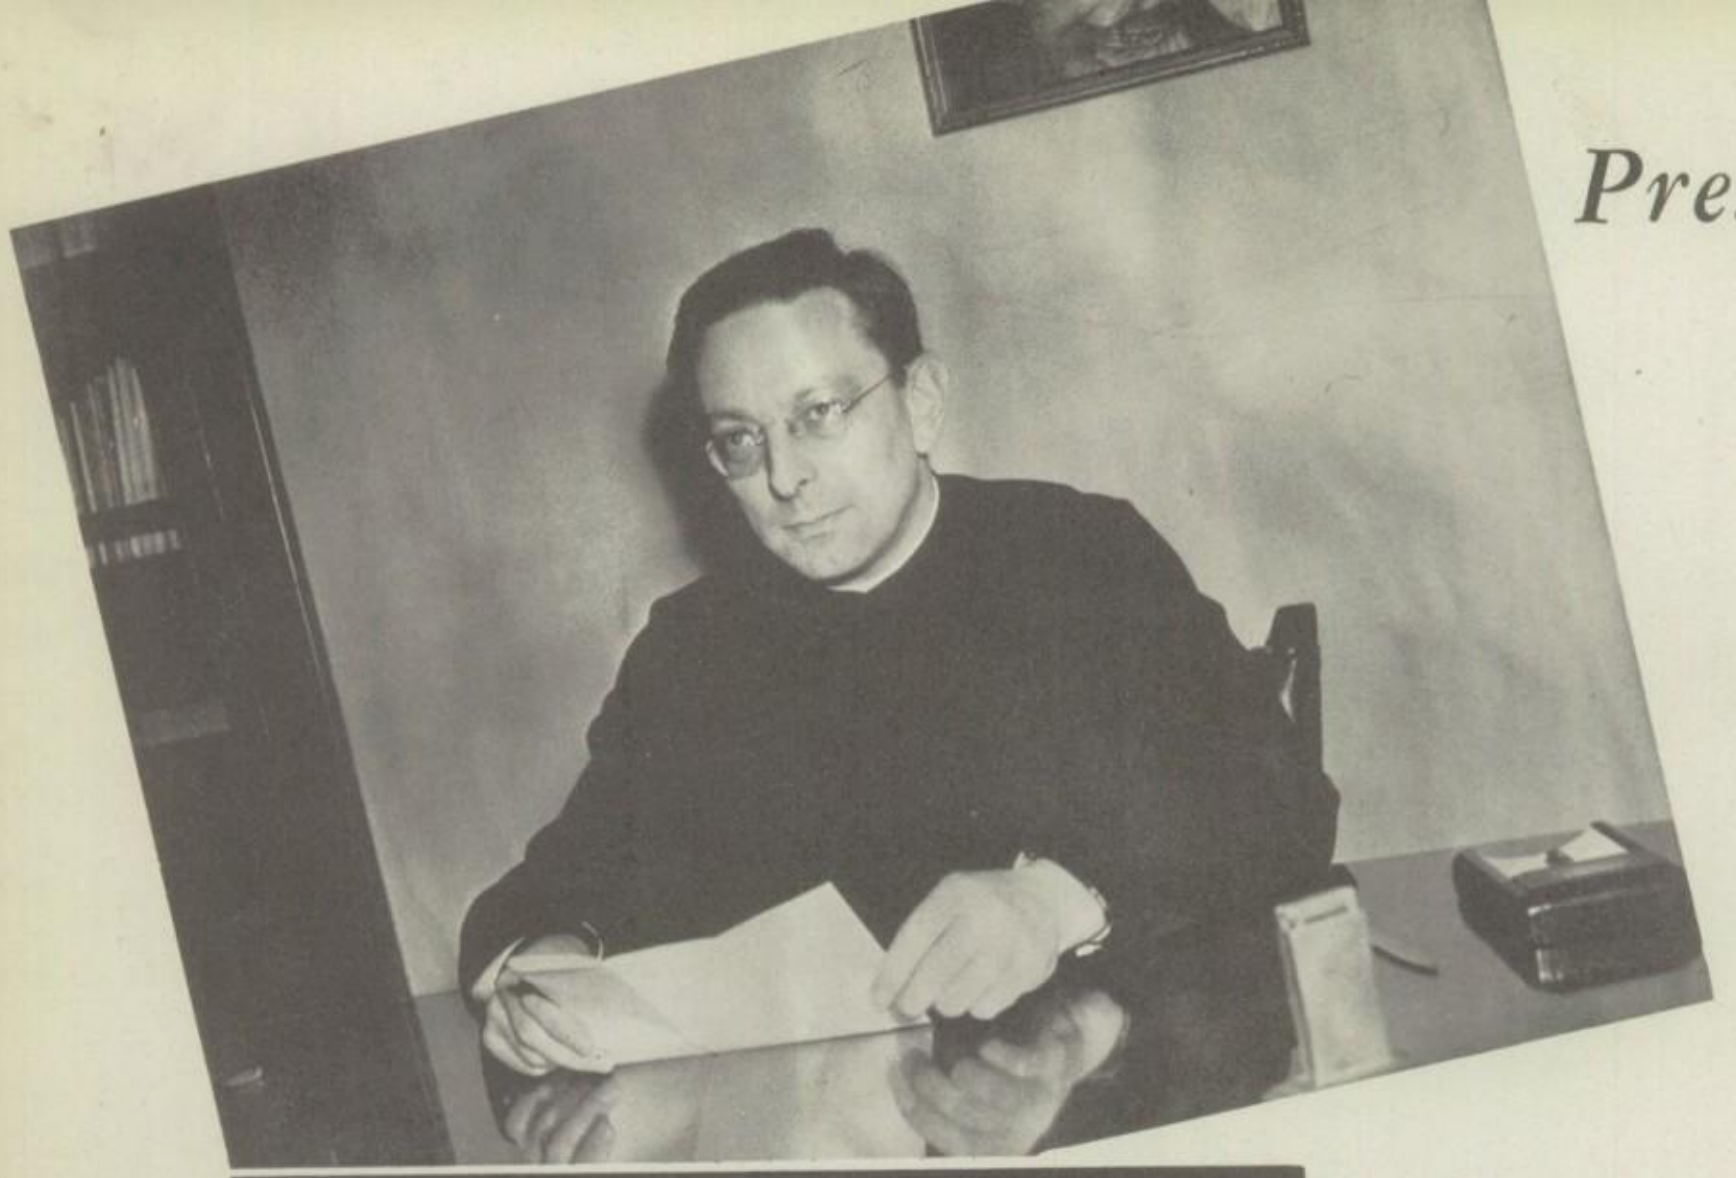
President

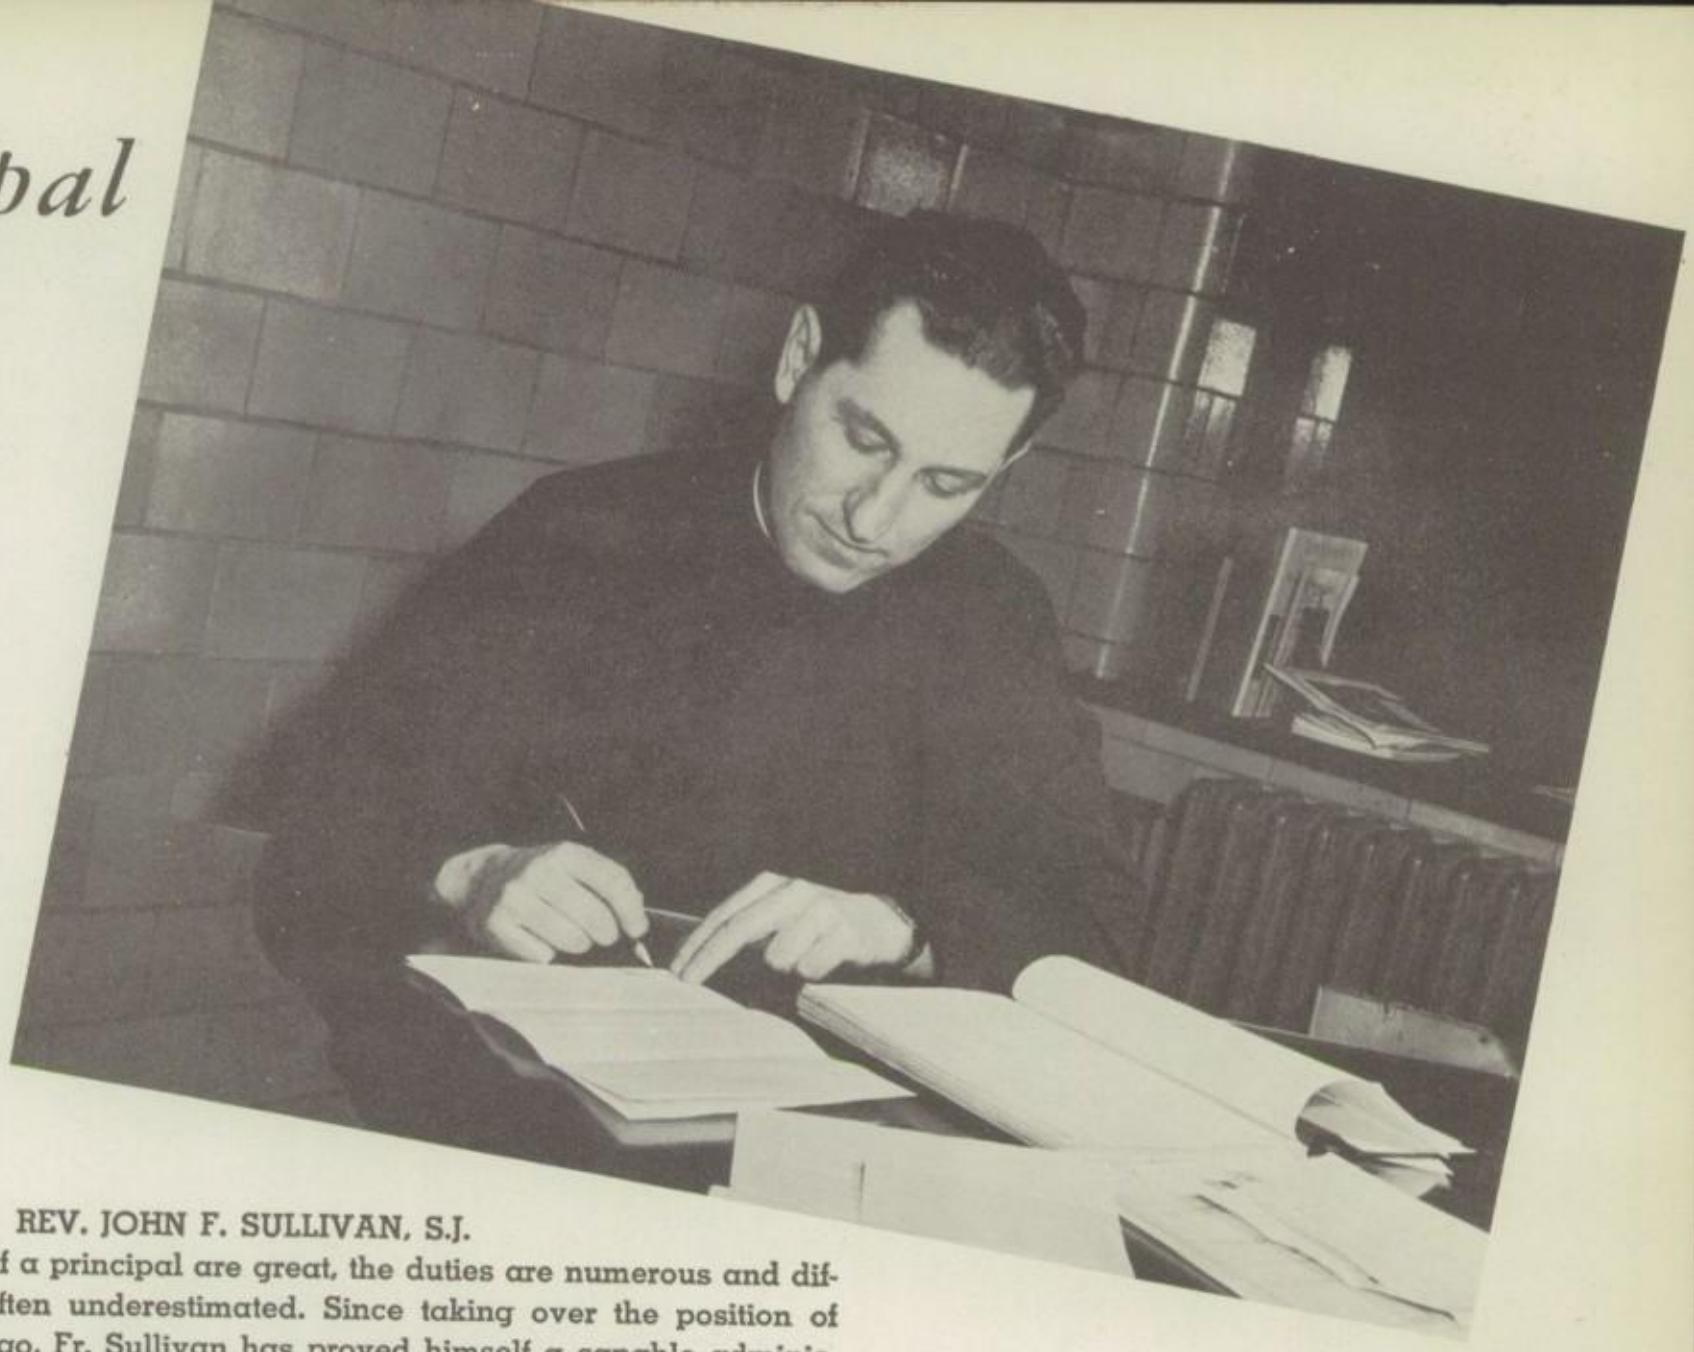


A DRAMATIC HIGH POINT in Father Stein's career as president of U. of D. came this past year at the mid-year distribution of honors when he was given the gratifying opportunity of awarding class honors to young, blind student, Paul Teranes. The presentation of the red and white ribbon occasioned a spontaneous thunder of applause from the assembled student body.

REV. GILBERT F. STEIN, S.J.

In his four years as president of U. of D. High, Father Stein has proved himself a competent and resourceful executive and leader. He has headed the Dads' Club in four successful Fall Festival campaigns. Through his inspiration, the Dads' Club has become an active, hard-working organization in the promotion of school activities. Under the direction of Fr. Stein, the school will always be assured of capable guidance.

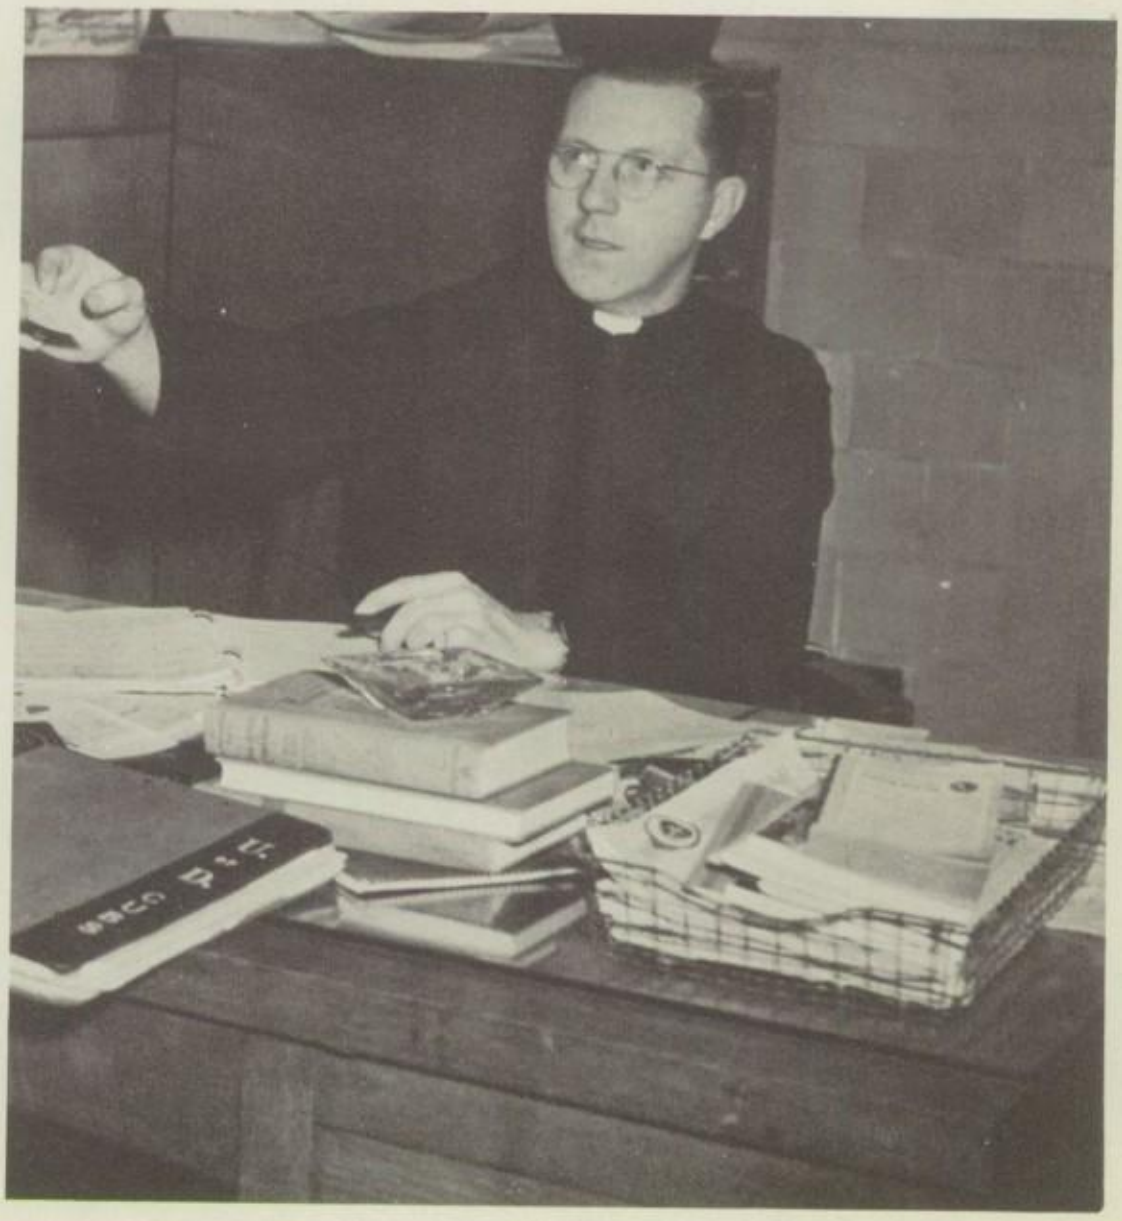
Principal



REV. JOHN F. SULLIVAN, S.J.

The responsibilities of a principal are great, the duties are numerous and difficult, the efforts are often underestimated. Since taking over the position of principal three years ago, Fr. Sullivan has proved himself a capable administrator. The success of the High School has been due in great part to the efficient and devoted attention of Father Sullivan. Besides his work as principal, he heads the Senior Classical Club, and is moderator of the Mother's Club.

Asst. Principal

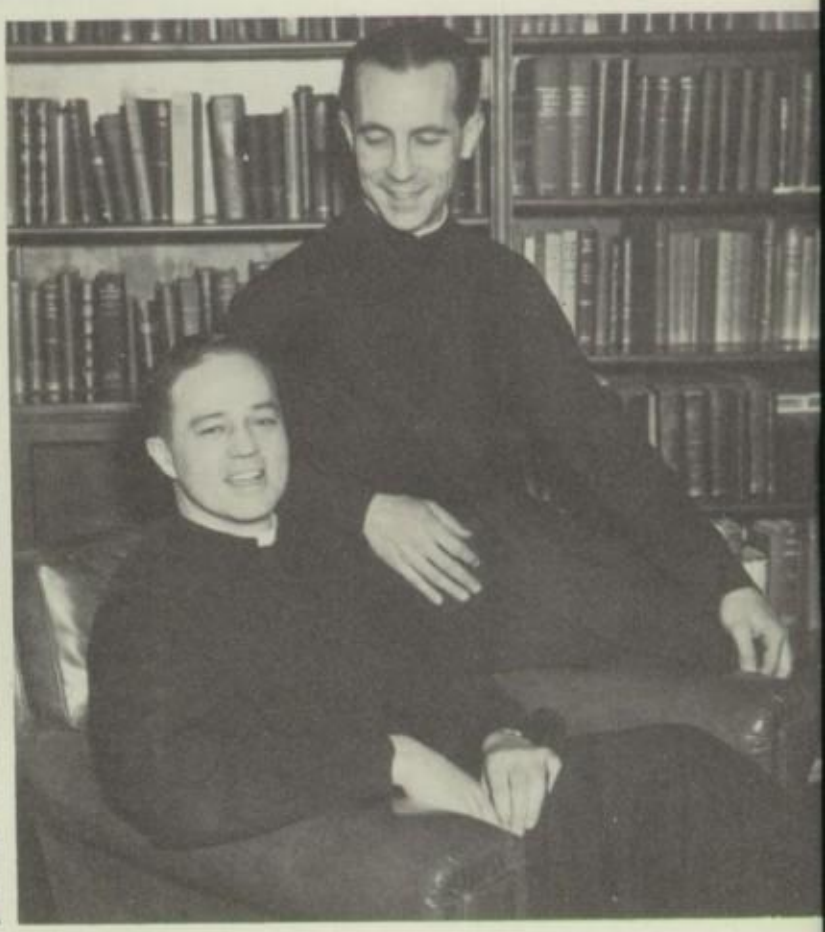


REV. PATRICK F. CLEAR, S.J.

The difficult task of enforcing student discipline and of keeping law and order in the school has been handled for the last two years by Fr. Clear, who has done a remarkable job. Though he has laid down a stern hand in enforcing the rules and regulations of the school, Fr. Clear was, nevertheless, a well-liked figure among the students. No one ever went out of his jug without a smile and a determination to stay out of the jug room for good. Besides his duties as disciplinarian, Fr. Clear also taught first year English.

TEACHERS

Fr. C. Sullivan, S.J. (Latin), Mr. Schoettinger, S.J. (Latin) and Fr. Decker, S.J. (Latin and Ethics) not some fine points of Virgil's Aeneid.



Fr. Nash, S.J. (Latin and Ethics) prepares for his forthcoming classes in 1-A, a room made famous by his Latin baseball games.

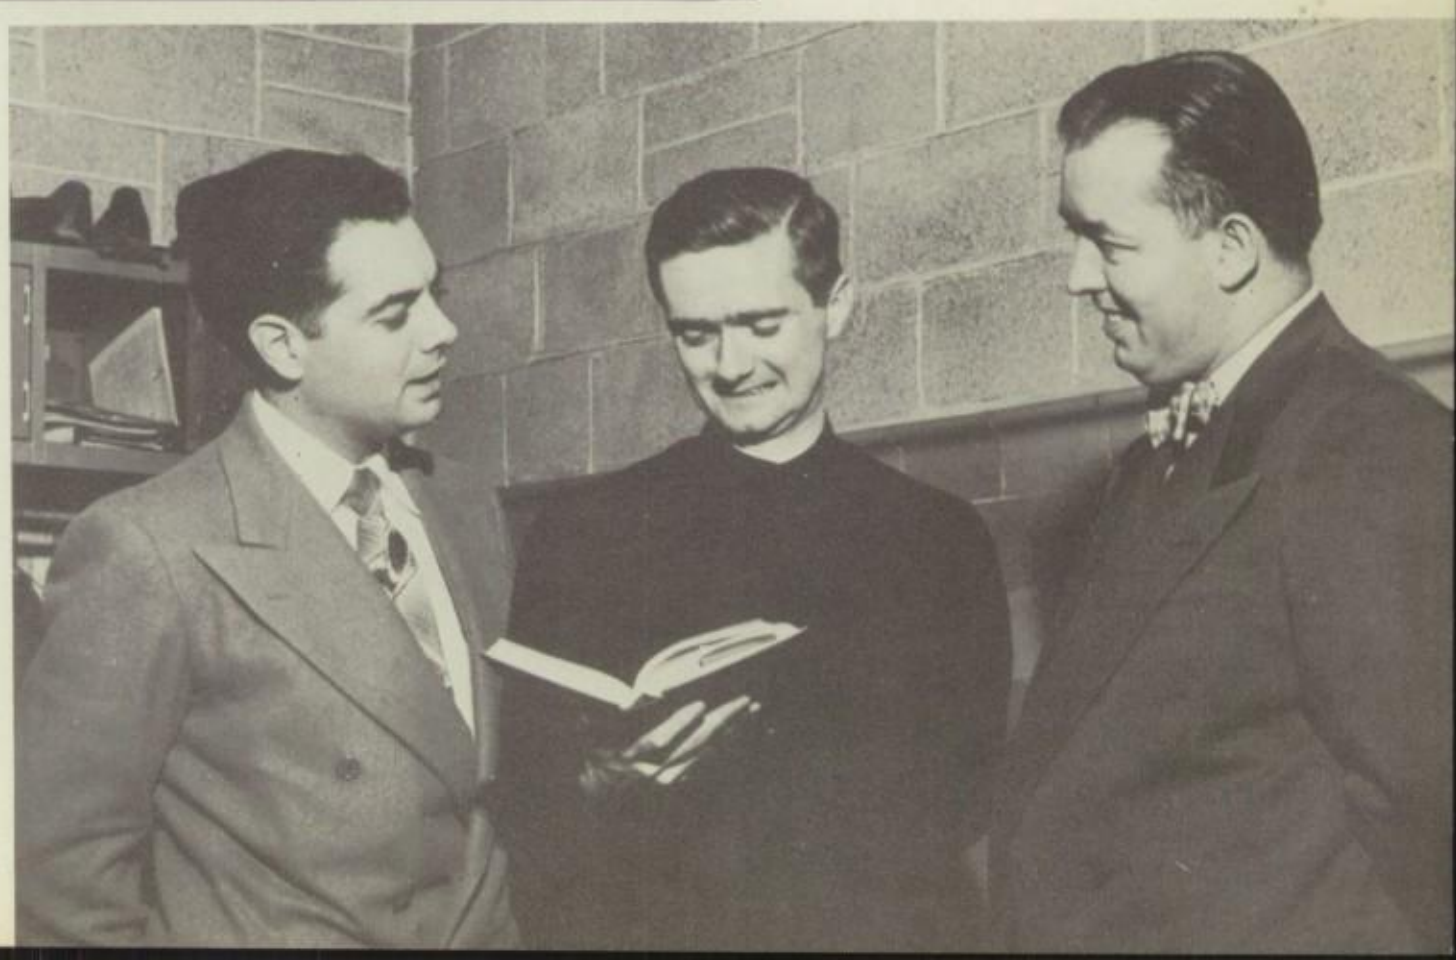
Spending a spare moment in
faculty library are Fr. Schumach
S.J. (Latin and Ethics) and Fr. H
inger, S.J. (Latin and Ethics).

Mr. Schario, S.J. (English) grins as Fr. Linz, S.J. (English) points out an amusing piece in the PROSE AND POETRY to Fr. Skiffington, S.J. (English).

TEACHERS

Mr. Wetzel, S. J., (English and Sociology), Fr. Clear, S.J. (English), and Fr. Huber, S.J. (English and Ethics) compare criticisms of the English book.

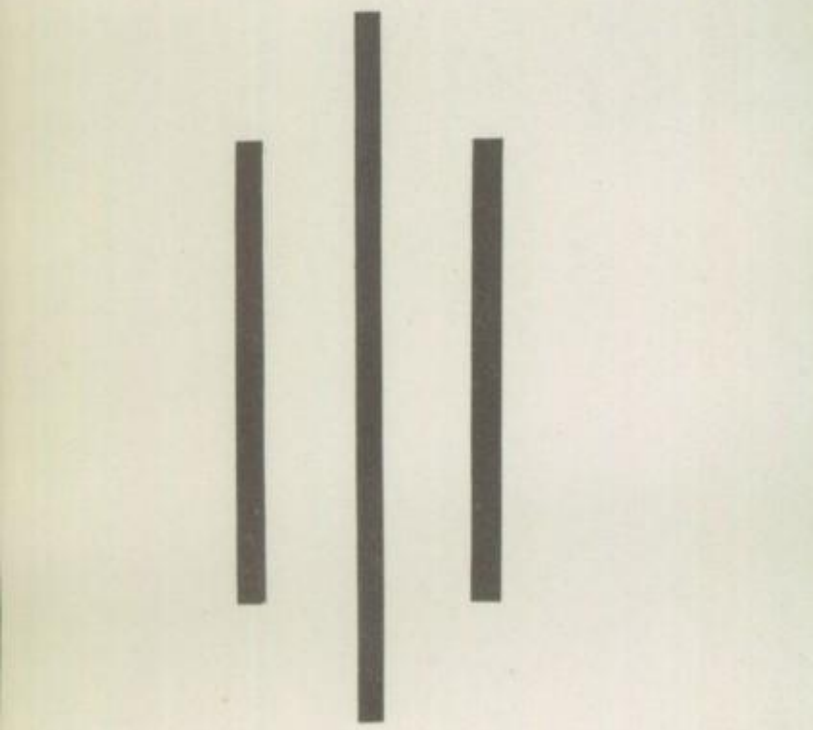
Mr. Sharkey (French) gets in a quip which Mr. Hassel, S.J. (Greek and Latin) and Mr. Predovich, S.J. (Greek and English) seem to enjoy thoroughly.



Mr. Mondello (History and English), Mr. Clifford, S.J (History and English), and Mr. Gargan (History) check dates of historical importance.

TEACHERS

Fr. Henry, S.J. (Ethics and Latin), Mr. Hackman (Algebra), and Mr. Foote, S.J. (Latin and English) study the student display in the library.



Mr. Stackable (Basic Mathematics and Geometry) points out the correct position for the geometric blocks to Fr. Eckmann, S.J. (Algebra and Solid Geometry) while Mr. Sanderson (Geometry and Algebra) looks on skeptically.

Student counselors, Fr. Wallenhorst, S.J., Fr. Cunningham, S.J., and Fr. Condon, S.J., look over a copy of THE QUEEN'S WORK.

TEACHERS

Mr. Madigan (History and Civics) and Mr. Murphy, S.J. (History) smile broadly as Mr. Tiernan (Commercial Law) singles out Chicago as the scene of an amusing experience.

An electrostatic machine holds the interest of Mr. Walsh, (Chemistry), Mr. Stepaniak, (Physics) and Mr. Huelsman, S.J. (Chemistry).

Mr. McCurry (Geometry and Algebra) propounds a theory which is agreed upon by Fr. McLaughlin, S.J. (Ethics and Algebra) and by Fr. Middendorf, S.J. (Ethics and Geometry).

3-A

3-A, OR, "SCHOOL SPIRIT"

'Round U. of D. High folks are beginnin' t' say that 3-A is "school spirit" . . . the reasons certainly are obvious. What other class in th' whole wide school can crow 'bout havin' a member in every single school activity . . . spiritual, intellectual, and physical.

3-A's got a bumper-crop of officers in all activities too . . . just t' name a few, there's John Boyle—Sodality, Lucier n' Kublin—newspaper, Kearns an' Kennedy—Art Club, Brasseur—Dramatic Club, and last but not least, Frank "Torchy" Boyle, President of th' Junior Lounge . . . just t' name a few!

Then on th' physical staff, 3-A boasts Roach, Wittstock, and Pilarski . . . "bulk-work" of Varsity football. 3-A's I-M team, sparked by Boyd and "fighting" Dave Feighan, is tops in their league.

Finally . . . look at 3-A's teachers! Shucks! Could any class ever want a sweller, more understandin' bunch o' fellows? ? ? (Kidding aside, they ARE tops). Besides "watching over" 3-A all day long, they not only manage to teach other classes, but they also find time to manage a few extra-curriculars of their own . . . Fr. Wallenhorst—student counsel, Mr. Schoettinger—Newspaper, Mr. Hassel—Stamp Club, Mr. Schario—Debate Club, and Mr. McCurry — TV salesman extraordinaire.

Now then . . . consider the spirit of each one of these students, the ability, and the teachers n' what's the result? Shur! . . . "School spirit!"

MIKE KEARNS

PORING OVER CICERO is this quartet—Mr. Schoettinger and Juniors Kozakowski, Ryan, and Lucier.

POURING OVER THEIR BOOKS, members of 3-B study algebra while Mr. Sanderson tenders a few sugestions.

MEMORIES

"We're U. of D. rooters—Yeh!" This cry thundered from Olympia's section 15 during the last basketball game of the season. What was behind this ear-shattering noise? All 35 voices of 3-B, joined in unison with the rest of the school, made up that great cheering section.

But that was only one of the many school-spirited accomplishments of our class. Members of our class include the only football lineman to make a TD—Ed McGough, an Elocution Contest finalist,—Tom Hernacki, a number of excellent athletes,—Ray Kazmierowski, Dick Black, Dan Devine, and, well, almost anybody else as intramuralists,—and last but not least, a Ben Franklin kite flyer, Dave Crimmins.

The memories of the class we have are many, but two stand out in a very special way: Shanahan's "A Bomb Explosion," a small demonstration set off in Chemistry lab, and the exciting classes in revising the English Handbook: we look forward to the publication of its 17 volumes of our own rules in or about 1999 A.D.

All these little things have made a big impression on us. We will long remember them as the little joys that made this year one of the best in all our school years.

3-C

LOOKING BACK

During the year we spent in 3-C,
There were times of sorrow and times of glee.
In English under a watchful eye,
We learned to say: you was and weren't I.
Kelly and Panaretos played X and O,
And had to answer, "We don't know."
We were drilled for a period in Algebra II
About many problems too hard to do.
While at the same time, Dick and Bell
Without saying a word, were raising—well!
In French when our marks were finally assembled,
A Siberian weather report they resembled.
Worley, from his corner, answered questions deep,
by calmly talking—in his sleep.
After Chemistry, some rushed for the bus,
But extra-curriculars beckoned most of us.
We took pictures, sang in the Glee Club,
We painted posters and wrote for the Cub.
Looking back on good old 3-C,
Through a fog, this is what we see:
On all those days, some cold and creepy,
We were happy even though some times sleepy.
Oh, now when to bed ourselves we lay,
We can say our prayers—en francais.

3-D

TEACHER OFF GUARD. A tongue-twisting French vocable causes a round of chuckles in 3-D.

PER CHANCE

While strolling through the corridor
I heard a shout; it was encore.
I stopped at the door and looked in the glass,
And there within was the 3-D class.
Mr. Sharkey was teaching; and to my surprise
He called me in to write a French exercise.
Puzzled and worried at my strange plight,
I decided to leave that very night.
But when I saw Jim Pulte smile,
I decided to tarry and stay a while.
I was there but a minute, and I became aware
Of Markley and Manion, the Siamese pair,
And of Maurer and Mitchell, birds of a feather,
All of these were joking together.
It was a little later that I found out
That Pete Kennedy, a young "gad about,"
Was the only 3-Der to merit a letter—
Not that he was any better
But only as good as any man
Who has the spirit of a 3-D fan.
From that day to this it has been my delight
To remain with this class of spirit and fight.

3-E

WE ARE 3-E

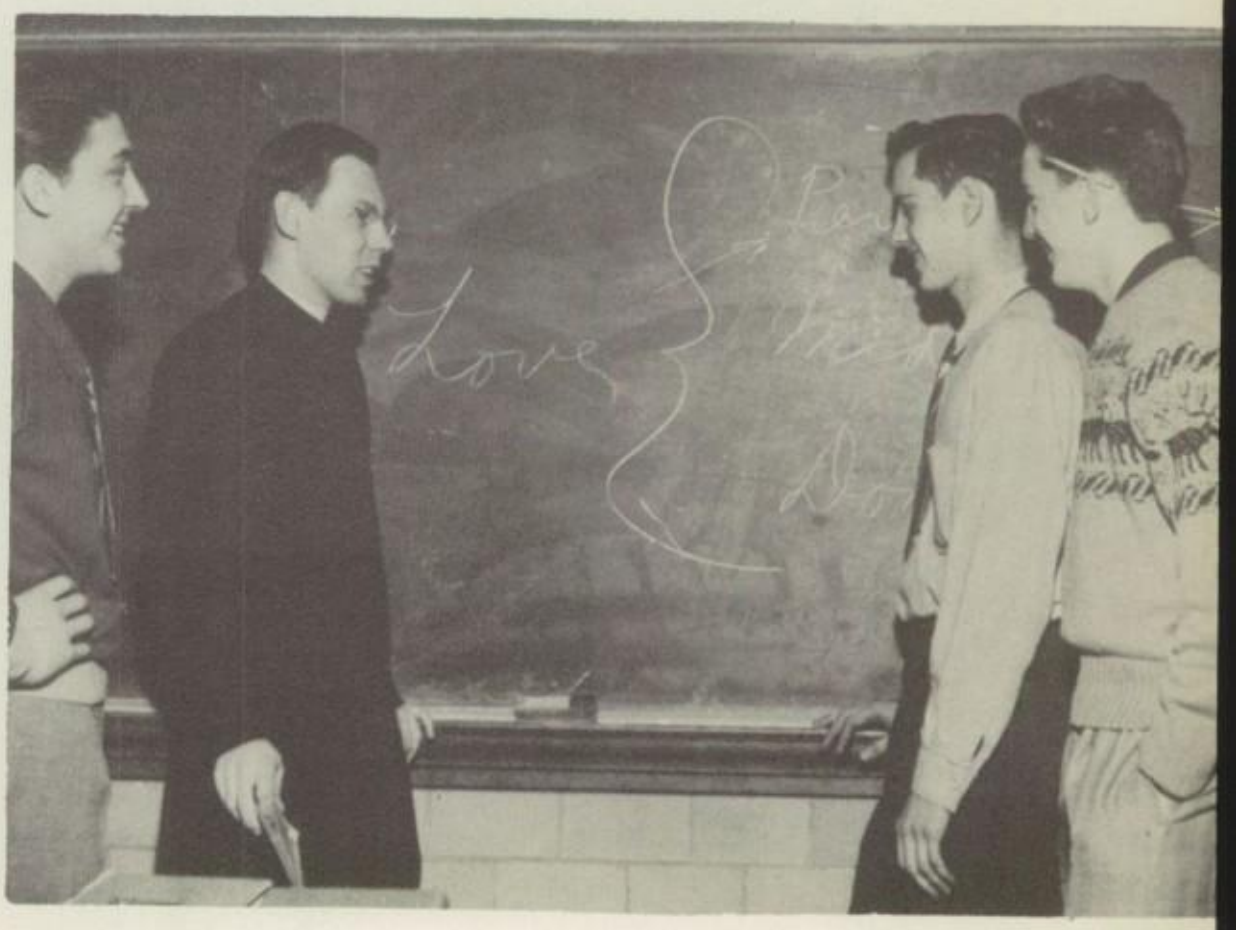
The honorable class of 3-E is composed of ambitious young men who have the will to fight and to conquer the hazzards of school life. Our class, which is relatively small, maintains a high standard of learning in the various fields of endeavor.

In Chemistry we give our full attention to our faithful Mr. "take a break" Huelsman. However, we do not concentrate all our talents in one spot. All our classes are most enjoyable and to us, the class most likely to succeed is English under the tutelage of Mr. Schario, our P.A. engineer. We always manage to keep our gayer moments within legal limits. When the day is half spent and one o'clock comes around, we have our long-awaited history class conducted by the noted Ttus Oates authority, Mr. Murphy. And what could be better to end a hard day than the 45 minutes of humor with Mr. Sharkey and his "Tassez Vous."

Friends, if you are down and out and need cheering up, come and visit us and we will give you what you will find nowhere else—swell fellows, a red-hot spirit, and laughter.

JERRY BLANZY

SKEPTICAL STUDENTS LISTEN to Mr. Schario's explanation of the plot of the Bridge of San Luis Rey.



THE MEN

Without a doubt, 2-A has the unique assemblage of students in the history of this fair institution. Fitz "the leader" Fitzgerald, "Satisfy" Montagne, and "Easy" Bob Heinle, as officers, have the great support of "Fearless" Bauer and sparring partner, Mike Brennan, and also "Moneybags" Cline, a Ford, and Jack Gauthier. Future millionaires are "Give or Else" Lyons, and Ron Potteray with his new method for growing muscles. "Migrating" Sugo, "Brainwave" Mercier, Little Willie Yates, "Modest" Baginski, and admirer, Hugh "the scholar" Brennan are the playboys. In the "can't-see-without-'em class" are Bill Duross, Tom "Sleeply" Lorenze, and Bernie Fletcher. Golden throats are "Theoretic" O'Brien, "One World" Benedict, "Comes the Revolution" Jones, and Bill "Can't see you" Ulrich. Bob Lang and Ken Labarge are noted for silence, Paul Hausner and Don Closkie for harmonizing.

Rejoice! Chevrier has closed the door! Others are 'Sensational" Bracken, U. of D.'s ideal student, "Who dood it" Hein, outdoorsman Dave Sundell, "Canadien Club" Ransom, "Who's got the Geometry homework" Sweeney, "Laugh it up" Cotrell, Larry "Read slower" Domas, and Jim Crimmins, pro-basketball revivalist.

You must agree by now that this is a different class.

BERNARD FLETCHER

MIDDLE: Mr. Stackable, Potteray, Heinle, Hein, Ulrich, Okuley, Cottrell, Benedict, Sugo, Lang, Lyons, J. Crimmins, Montagne.
BOTTOM: L. Domas, Ransom, L. Mercier, La Barge, Fitzgerald, Gauthier, Cline, Bauer, M. Brennan, H. Brennan, T. Lorenz, Yates.

2-A

MR. WETZEL STOPS to chat with a few members of 2-Bs English class before they start their class.

REPORT FROM THE FRONT! ! !

DETROIT, March 4, FLASH!—Here in the Motor City we have found 35 boys whom we think are the perfect class! This great discovery is shocking the whole country from the greatest educational leaders to the smallest first grader, since it was thought previously that no such class could exist! We, of course, have proof of this momentous disclosure. It is this: 2-B, the U. of D. High class, of which we have been speaking, has led everyone, unnoticed, for months, in all fields of youthful endeavor. Here are a few reasons for their tremendous success.

In athletics they have dominated the scene by placing two members, Janareli and Warner, on the Varsity football squad, and Maloney on the Reserve basketball team.

2-B's Intramural record will not be equalled soon, and probably never surpassed. Scholastically, they have an incomparable record in all subjects, but have not, as yet, been able to dominate one particular course. Extra-curriculars are their specialty. Three of the boys will soon be on the Cub staff, and other clubs are also represented. 2-B, we hail thee!

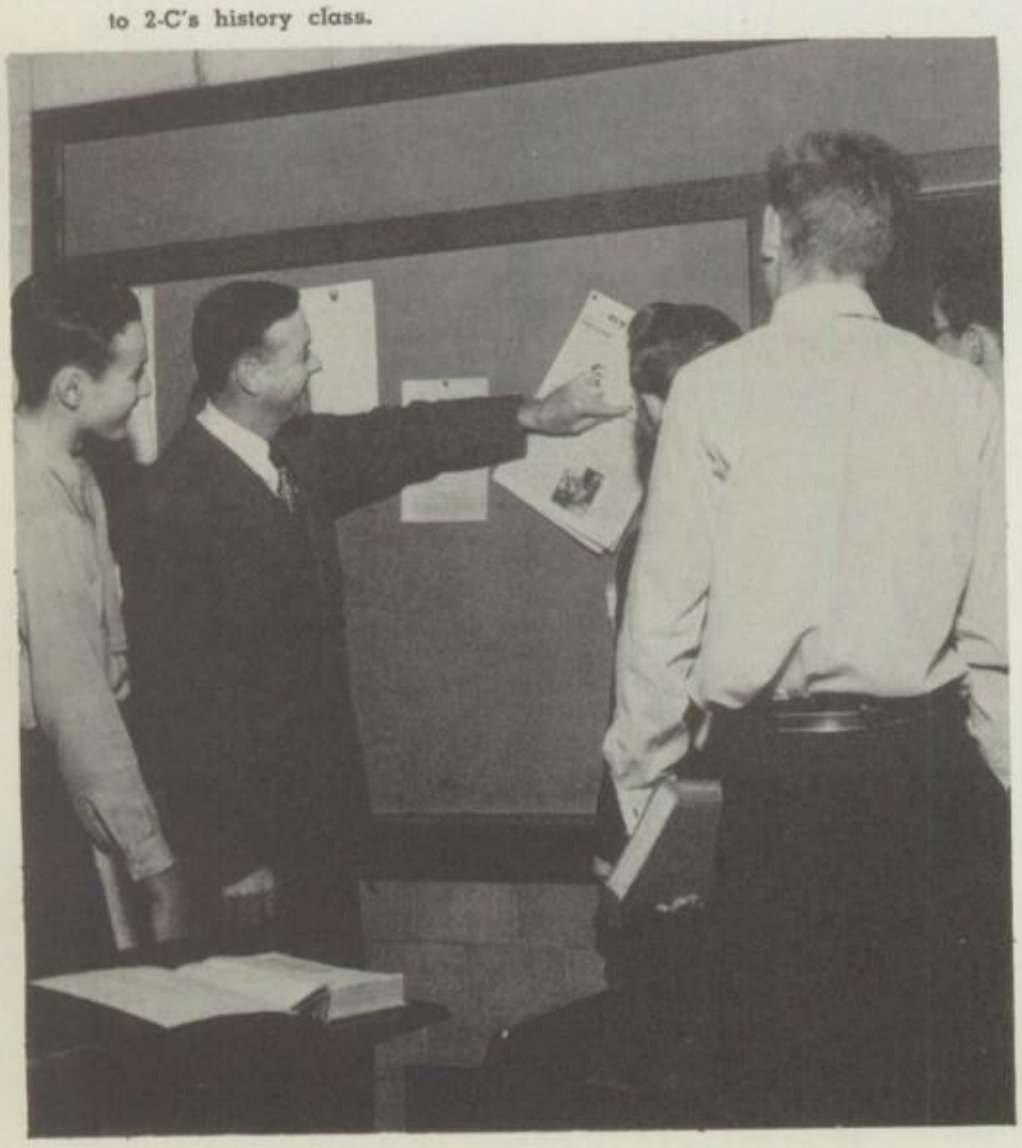
BOTTOM: Scala, Switaj, B. Killop, Burk, R. Des Rosiers, W. Burke, Bosco, Zimmie, Moore, J. Killop, T. Sullivan.

2-C

IRISH SMILE IN EVIDENCE. Mr. Madigan points out an item of interest to 2-C's history class.



2-C's COMEDY HOURS

U. of D. High's answer to "The Thing," that's me! I'm a fountain pen! I inhabit the left pocket in ?'s shirt where no one else can see me. ? has forgotten his Ethics homework and is trying to get it done before that last period Ethics class. In Mr. Madigan's history class, also called the big word class, ? only writes his name because "Coach's" basketball tales have him spellbound. During the next period ? is restored to partial sanity by frequent vibrant, emphatic tones from Fr. Sullivan, and I am put back into my shirt hole.

After a quick snack and an Intramural victory over 2-G, attempts are resumed. During Mr. Stackable's geometry preview, there is an unexpected and seemingly simiplfied exam. Hence, no progress. Then, in comes Fr. Linz, 2-C's answer to Mario Lanza. Following brief applause for the Band and the Glee Club—and an aside from Jim Cattey—class begins. At this point "Little Billie" Burke, class Secretary, gives the place in the book and immediately "Luigi" Bosco vetoes it. Meanwhile Treasurer Ray DesRosiers is trying his best to count the Mission money. Finally, the long awaited hour with Fr. Middendorf and his bloody red (chalk) hands arrives. Oh! Caught without homework! But no! ? sadly discovers there was no written Ethics homework. The game of hide and seek was for naught.

2-D

2-D—FRUIT—E

The class of 2-D is way up at the top in school spirit and scholastic standing. Larry Brown, class president, is our Varsity baseball pitcher. Marvin Chauvin, the baker of the class collects all the dough. "Smiles" McClear is the "boogie" character of the room.

Let's take a look down the aisles . . . that purring sound in the third row is "Sleepy" Choma dreaming of the fast one he pulled on Mr. Hassel . . . and . . . Oh . . . take a look at "Curly" Pero and "Muscles O'Sullivan" helping each other with last night's homework! . . . If Bob Jason gets out of line, "Higgie" Higgins, Varsity end, and Don Hinsburg sit on him for a while; after this Jason just rolls in the aisles.

"T. J." Feely and "Bubbles" Brown have a great time keeping either Hendrichs or his books on the floor . . . I hope you don't think we haven't got brains in our room 'cause we really do. Gene Barc is our shining example of a constant honor man and a daily communicant. Fr. Mittendorf dealt "Marsh" Hendrichs a 99 per cent in Geometry.

Ah . . . yes . . . For an all around class with a gang of swell guys, and TEACHERS . . . 2-D's tops on everyone's list.

2-F

A GLIMPSE OF 2-F

A trait most prominent in the class of 2-F is "School Spirit." The Miller basketball game is a good example: 36 attended from our class.

Another credit to the class is the champion Intramural basketball team. It clinched the championship with three games remaining in the season. Ron Slimak, who was also an Elocution finalist, captained the "A" team of John Burke, Jerry Soma, Jerry Keating and Jack Codde. Ray Fischer was captain of the "B" team, made up of Ben Riffenberg, Don Thomas, Joe Valpetti, and Ron Salvatore.

On the lighter side, it is Ken Wagner and Dick Francisco who, in friendly arguments with the teachers, seem to win, but don't really, because the teacher is always right. Father Huber, Joe Vulpetti, and Bob Hess don't usually see eye to eye, and the latter two end up writing spelling words. But the indispensable guys are Phil Tannian, Tom Brady, and Dennis Lynch, who ask questions and start discussions in hope that the teacher will forget to assign homework.

This whole book isn't big enough to list all the good points of the 2-F class, so this glimpse will have to do the trick.

2-GEE!

If you ever come to U. of D.
You will hear of our class, old 2-G.
From our averages you will easily tell,
That we do all our class work very well.
Our president is Roberts—I'm sure you'll agree-
There could be no finer man than he.
With Oldani and Doyle in the band,
You can tell we always lend a hand.
As a matter of fact, to any club you go,
You'll find our class is in the show.
If you look at sports, you will also see,
That very few classes can beat old 2-G.
For in intramurals, along with sportsmanship,
We also have grasped the championship.
We have Basford and Piesik—two Varsity men-
To show that our boys are in pitching again.
And so in studies, sports, and clubs,
You can always rely on the 2-G Cubs.

1-A

BONUM CERTAMEN CERTAVIMUS

We here in 1-A feel that we have a reputation to uphold, and we do our best to keep it. Now, 1-A's intramuralists aren't all whizes, and our debating team isn't so hot, our attendance at the Communion Mass isn't perfect, but our real fame comes from Fr. Nash's World Series games in Latin. As you fellows should know, not every class can conduct these games. It's really simple though: here's how to go about it. First you must have a captain, umpire, and detective for each of the two teams. They must know every bit of their Latin perfectly. Each player in turn is asked a question. Three strikes are called on him, slowly. If he can't answer, the other team scores a run. Talking out of turn, laughing, or even slouching down can score a run for the other team.

Being in 1-A gives the student a certain pride in his work which makes him want to do it in the right way, the way that God wants him to do it.

CLASS SPIRIT

Down through the years 1-B has always had a good reputation. To live up to this reputation, class spirit is needed. The class that works and plays together has class spirit.

In our classroom this is shown especially by the consideration the boys have for one another during times of serious study. However, all our class time is not devoted to work—as any student knows. In class we have our great comedians. Not mentioning any names, but the initials of some of the outstanding ones are: John Higgins with his deep, bellowing laugh; Don Rancont with his terrifying face-making; and John Krause with his bag of stale jokes. And, oh yes! We mustn't forget that comical Irishman Kilduff with his remarkable gestures. Outside the class, too, we really play together. Even though many of us don't make the Intramural teams, we are all out there every noon cheering for our fine athletes. This support means a lot to the team. Nor have we forgotten our duty to God. You can always see some 1-B boys at the daily Communion Mass, the Rosary at noon, and the Vigils.

By keeping up all the ideals of class spirit, 1-B has not let its reputation slip this year but rather has increased it.

1-C

HAIL 1-C!

Our year in 1-C was very profitable to us in many ways, some of which are visible in our everyday lives, and some, although unnoticed, are always present to help us. A special devotion to Our Lady of Fatima, a fine school spirit, and a spiritual zeal are examples of what these past ten months have brought us.

Our swell teachers, Fr. McLaughlin, Fr. Decker, Mr. Clifford, and Fr. Huber, are to blame for all these things.

Whatever Fr. Decker tried to do, his junior assistant, the 18 inch "Board of Education," was always there to help out. Because we were blessed with Fr. McLaughlin, mission Tuesday seemed to show up every day of the week.

During our "playtime," our intramural basketball team is really making a name for 1-C. This is a good thing because our hard-fighting football team didn't do too well.

If there is a better class in first year, somebody will have to show it to us.

REPORTING ON CELL 1-D

This is number 117692½, better known as "Dead Shot" Dettloff, reporting on Cell 1-D. All the cons have been writing on how many solitaries we get, but we haven't had much solitary. We have hearts of gold. Why the very thought of distortion upsets me. Oh, I suppose our cell, like all cells, has its other side of the rows—or is it tracks I mean? We're just a few happy-go-luckies and a leader—fellows like "Hub-Cap" Krajenke, "Breezy" Mondro, "Witty" DeVilliers, "Grease Ball" Rybinski, "Sure-Shot" Kaump, "Jelly-Boy" Patrus, "Books" McKeever, "Dribble Boy" Bonk, and the big noise, Domas, better known as the "Chalk-Dust Kid."

I hear the fellows groan and moan as they are taken through the fairy tales of exhausting, dusty history; uninteresting ancient Latin; tiring, impossible algebra; and endless, contradictory English. But how their faces change when they hear the bell. Well, we are being led into the yard now for activities—football, basketball, or baseball—which we always win.

So farewell until Vistors' Day. This is Bastile Station signing off on behalf of Cell 1-D, second on the left.

DENNIS DETTLOFF

THE PROGRESS OF 1-E

Naturally we are inclined to be a bit prejudiced when we say 1-E is our favorite Freshman class. We may have been a bit green when we arrived in September, but we have since distinguished ourselves in quite a few respects.

First of all we are well represented in honors, which shows that we have some masterminds on the job. Our mission collection is one of the best in school, thanks to the efforts of Father McLaughlin. Although we haven't fared too well in football or basketball, watch our smoke next year, for some of our boys really have what it takes. Ask Mickey Madigan's dad what he thinks of our prospects.

There is really a fine bunch of fellows in our class. Our class officers, Robert McCormick and Michael Greely, have really kept up our spirit for the Varsity games. We think we've progressed a long way spiritually, daily Mass being a habit we hope to carry with us for a long time. We appreciate the guidance given by our teachers who are: Father Schumacher, Mr. Clifford, Father McLaughlin, and Mr. Mondello.

Dear Tim,

I would like to tell you about the wonderful spirit in our class of 1-F. Many of our boys attend the daily Communion Mass. We have two good basketball teams which are high in the standings. Hoey, Dillworth, Weber, and Boyd are just a few of our outstanding players. During the past football season our team finished second, losing the hard fought championship game. Our boys fought as if it were for the school.

Our spare nickels and dimes go into the mission collection which we feel will help Christianity in this time of crisis.

We all make an effort to be at the Varsity games and cheer for the team. Mr. Clifford has promoted better game attendance. The Band and Glee Club are just two of the activities our boys take part in. We also have plenty of servers for the school Masses. Yes, I think we have reason to be proud of our class spirit. Don't you?

Yours truly,

I-G—MY CLASS

Although my class is composed of boys from all over the city, we all come together in Class 1-G at 8:45 A.M. Our room may be reached by puffing up three flights of stairs. Since the class of 1-G is made up of healthy boys, it is hard to imagine that it is a noiseless room. Some, however, get carried away and then wonder why they wound up in jug. The outstanding event in the class-room so far has been the collection of ten dollars for the missions under the leadership of Father Clear.

Our class activity has been confined to football and basketball. Our basketball team wound up in 3rd place in the Freshman standings, and is doing quite well in the play-offs. But as the warmer weather approaches, we all turn to baseball in hopes of forming a winning team. Every day more gloves and balls appear on the desks, so you can be sure we will have had plenty of practice before the regular season begins.

Since we all live in the same room for five hours, we are bound to play jokes on each other, such as tacks on the seats, books spread all over the room, etc. All these little things, though seeming to annoy us, are really forming a closer band of friendship.

1-H

ENGLISH IS TOUGH, but Father Huber manages to clear it up quite well for these eager students.

THE STORY OF 1-H

In the class of 1-H there are thirty-four sturdy, young men eager to gain knowledge. To help us in our endeavor we have four capable teachers. These masters of teaching are: Father Huber for English, Father Huttinger for Latin and Ethics, Mr. Mondello for history, and Mr. Sanderson for algebra.

In our English class we are reading "Black Arrow" and writing compositions about assorted subjects. In Latin we are learning to speak as the Romans spoke. If we don't learn it one way from Father Huttinger, we learn it another way from Sebastian. The history course is about Medieval history and shows how lucky we are to be living in these days. In algebra we are learning about equations, polynomials, and factoring as the Arabs developed them years ago.

However, 1-H doesn't spend all its time with school work. We have representatives in the Freshman Sodality, on the Freshman football team, on the track team, in the Glee Club, and also a member in the Art and Poster Club.

Considering it all, 1-H isn't ashamed of its record.

TO BE OR NOT

Ed the prexy sure gets around! Recently he was planning a picnic. How he got into Smith's Crypt Shop beats me. There he found Undertaker Sobieski and Congressman Galvin discussing ways to rid the city of Black Jack Garvy and Blue Barry Szczesny, the triggerman for Louie Lee's gang. Leaving here he started for Caton's Confectionary Shoppe located on Marceau street, named after the honest mayor of Garden City. Here he was chased out by Cop Kapcia. Disheartened he turned and left for Mergy's Music Store to get an orchestra. Among his musicians were Pipe Line Leonatti and Connie Donakowski.

He then left for Horvath's Meat Market to place an advance order for hamburgers made up by the Brady Rubber Co. which employs Smutek and Turner. To get transportation he went to the Dalsaso Drive Co. to rent a Gracemobile, the only auto with three wheels.

Feeling pretty hungry by now, Li'l Ed made his way to Kulick's Diner, where he gave his order to Waiter Ken Johnson. Here he found Sleepy Swift catching 40 winks at a table. Ssssh, you might wake him. He also saw cashier Bush-man chasing Moose Maestri, who was demanding his money back. Just then Bus Boy Bernard brought in the news that a surprise party was being planned for Steigerwald, the walking history book. Lynn and Zink were planning to give Kurt a little shock at the same time.

From there he took a Taylor cab to the hotel. On the way he spotted FBI man Haberek hauling Second Story David to headquarters. By this time he was certain he had met all his former classmates. What a George time he had had!

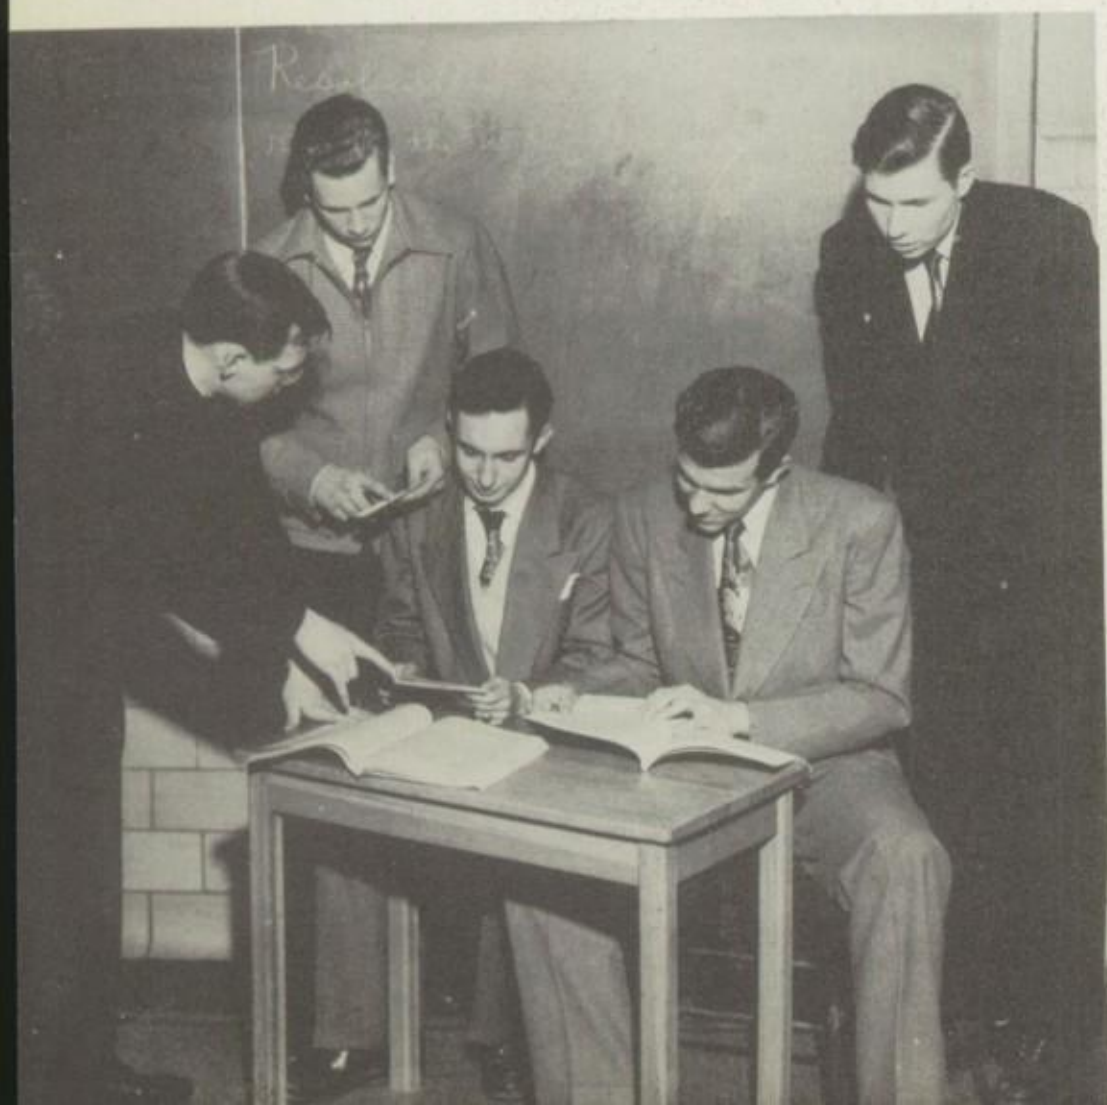
LENDING HELPFUL ADVICE. Mr. Schario prepares Varsity debaters, Swallow, Martinez, Phillips, and Ahearn for a coming contest.



Two years ago, U. of D. High School inaugurated an extensive program of public speaking designed to rejuvenate interest in this often neglected field. The continued emphasis on speaking this past year achieved several highly gratifying results. Foremost among them were the large turnouts for all the debating teams and the spirited student participation in the International Club.

With Peter Swallow as president and Alvin Clair as recording secretary, the Varsity team debated on the subject, "Resolved that the People of the United States reject the Welfare State." This group participated both in State and Metropolitan League competition. Though losing several close decisions in both leagues, the team boosted two wins in State competition. The debate team was competently trained by Mr. Schario, S.J.

The underclass debaters, coached by Mr. Wetzel, S.J., and led by Donald Sarin, president, spent their time preparing for their future role as Varsity debaters. In addition to studying the clear, concise expression of ideas, they gained valuable experience in speaking on their feet before an audience.

Rounding out the increased number of speaking activities at U. of D. High was the active interest which many students took in the International Club, a high school discussion group which meets weekly to voice its opinions on topics of current world and national interest. Thanks to the efforts of Mr. Murphy, S.J., moderator, U. of D. students gathered in unprecedented numbers to voice their views in a panel composed of high school students from all over Detroit.

Three U. of D. students, Peter Swallow, James Trainor, and Charles Martinez, were elected president, vice-president, and chairman of publicity respectively.

SPEAKERS'

NIGHT

On Sunday evening, March 5, a crowd of students, parents, and friends filled the spacious auditorium of the new gym to hear the Jesuit principle of "eloquentia" once again iterated in the annual Elocution and Oratorical contest.

The program opened with a closely contested battle in the freshman division, which seemingly set the stage for what was to follow. Then with the stirring cries, "Din! Din! Din!", still ringing in their ears, the audience watched and listened as Hamlet unburdened his troubled soul.

The striking realities presented by the Senior finalists in their original declamations of the eighteen-year-old-draft brought an impressive climax to the evening.

When the last speaker had left the stage, and when the final decision of the judges had been given, the crowd filed out of the new gym, inspired and filled with the memories of a night well spent.

SENIOR ORATORICAL WINNER, Pete Bellanca, paints the stirring realities of the eighteen-year-old draft.

THE ELOQUENT APPEAL of Nelson Phillips in his portrayal of Richard II, proved worthy of first place in the Junior division.

PANGS OF THIRST recorded in his face, Sophomore winner, John Montagne, relives Kipling's immortal "Gunga Din."

A HUMOROUS RENDITION of Daly's "American Girl" won Robert Patrus the judges' nod in the Freshman division.

CRAMMING BEFORE THE TEST are Classical Club members Sweeney and Savage.

In addition to affording students of superior ability a more complete background in the classics, the Classical Club serves as a very practical preparation for the Interscholastic Latin Contest. This year the Club was divided into three groups, each functioning as a separate unit. Seniors studied under the tutelage of Fr. J. F. Sullivan, Mr. Schoettinger led the Junior division, while Mr. Hassel directed the Sophomores. Many free hours were devoted to mastering and imitating the fine points of style of well-known Latin authors. The diligent efforts of the Club were duly rewarded when two Seniors, Robert Savage and Harold Sweeney, won second place and honorable mention respectively.

A newcomer this year to the ranks of the after-school activities was the Stamp Club, organized under the direction of Mr. Hassel, S.J. The club early labeled itself a success by copping first prize at the Michigan Stamp Club's fall exhibition. Members met weekly to swap stamps, talk shop, and prepare for future competition. Officers Alvin Clair and Tom Ryan led this energetic group.

Camera Club

This year the Camera Club, which was directed by Mr. Wetzel, S.J., concentrated mainly on the mechanics and technique of good photography. All who joined the club found an excellent opportunity to gain profitable experience while perfecting the quality of their photographs.

During the course of the year, the Club also held several photo contests. These contests not only provided some very close competition but produced many excellent pictures as well.

Dramatic Club

After a lapse of a decade, the Dramatic Club was reorganized this year at U. of D. High. Successful candidates were trained and coached by Fr. Wallenhorst, S.J., and Mr. Schario, S.J.

At Christmas the Club put on two one-act plays, both of which were received warmly by an audience of Mothers and Dads. One of these plays was also reenacted for the students. Later in the year plans were made and preparations laid for a third dramatization to be presented in the spring.

If the progress made during the past year is any criterion, the success of the Dramatic Club will be assured for many years to come.

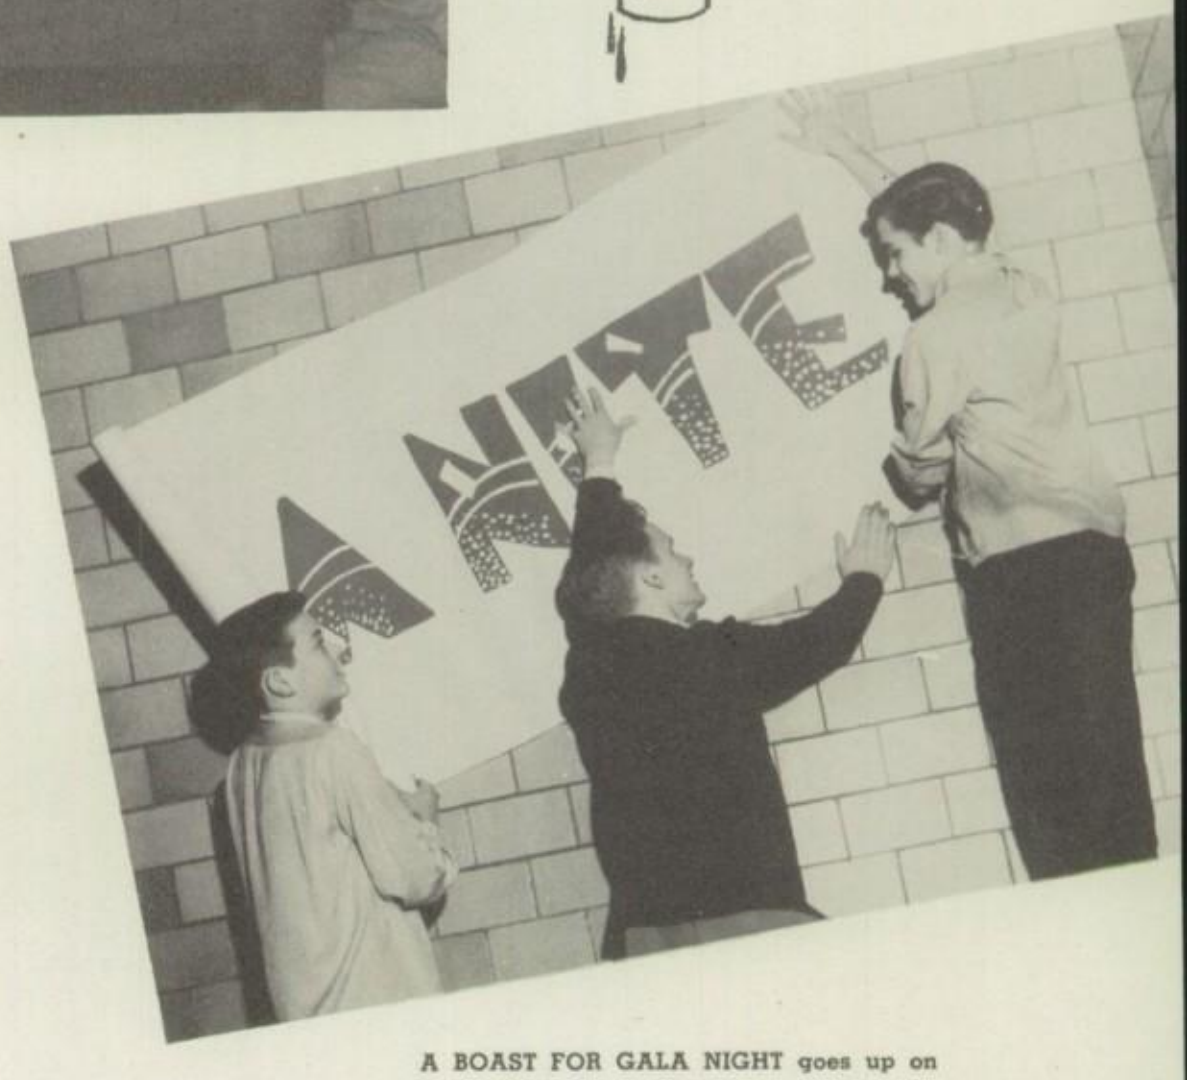
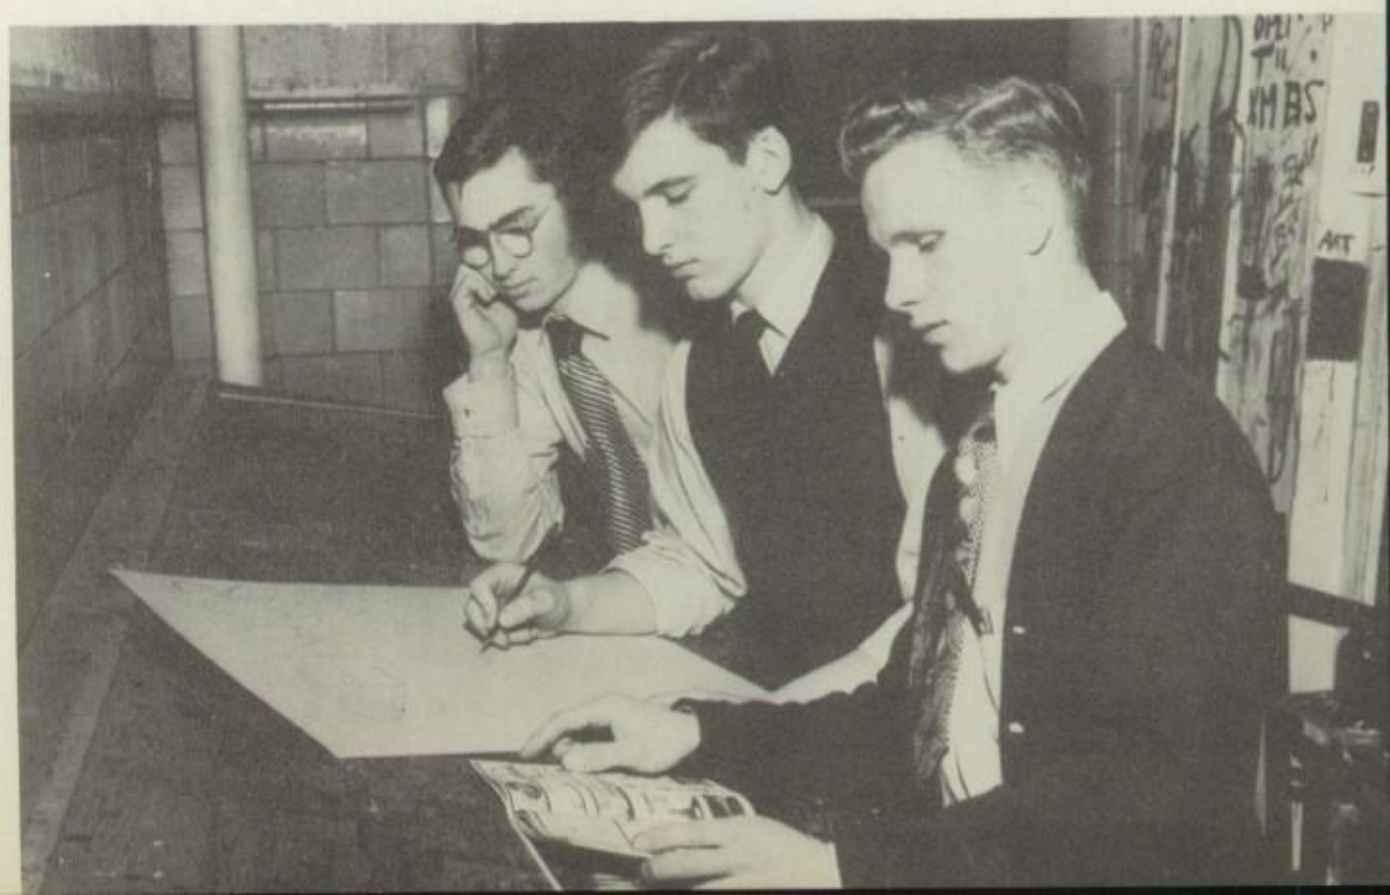
Art Club

Because it is the task of the Art Club to publicize school events and to promote student interest and cooperation, this organization has always been one of the most active groups in the school. This year, however, Mr. Huelsman and his tireless band of artists set a new high both in the quality and quantity of their displays. Hardly a week passed that did not find the corridors colorfully adorned with a new and ingenious exhibit of posters. Football and basketball games, Sodality projects, school dances—all received a proverbial "plug" in the form of a cleverly designed poster. To the Art Club's credit it must be stated that the group never failed to prove itself willing to cooperate and prompt to respond. In so doing it exemplified its purpose in a very convincing manner.

THREE ART CLUB RELIABLES, Doyle, Kearns, and Hernacki, plan a new display.



A BOAST FOR GALA NIGHT goes up on the wall under the guiding hands of Henrichs, Hernacki, and Kennedy.



Cheerleaders

• No one can dispute the fact that moral support is a requisite for the successful fulfillment of any endeavor. Nor can any follower of U. of D. High athletic enterprises deny that the cheerleaders were one of the essential reasons for the success of Cub teams this past season. Their enthusiasm furnished the contagious spark of inspiration that many times spurred a tired team to victory. The end result of their lively efforts was a spirited cheering section in the stands for every football and basketball game.

INTERVIEW

Each year the Cub Newspaper has done its utmost to bring the news of any and every happening around the school to the attention of the students. The first step in preparing the paper for publication is, of course, accumulating the facts and figures for the stories. Here Bill Wildern and Bill Sullivan interview Fr. Huber, S.J., for a feature article in a coming edition.

WRITE-UP

Next comes the write-up. The reporters must compile all miscellaneous data and skillfully integrate it into an accurate and interesting account. This task is probably one of the most difficult phases of newspaper work. Finding this all too true, Senior editor John Gallini and sports editor Dick Shirley sweat over their columns to meet an early deadline.

Newspaper

PHOTOGRAPHY

Good pictures are a necessity for every newspaper. This year the staff was fortunate in having a very competent photographer, Paul Huber, on hand to take all the excellent pictures which appeared in this year's Cub. Paul covered all the athletic events to get pictures, and then spent many hours in the darkroom developing them.

PHOTOGRAPHY

LAYOUT

The layout and pasting are the last two jobs which must be finished before the paper is sent to the printer.

Here co-editors, Jack Kublin and Jim Lucier, and Junior Editor Jim Irvine set up a page for the following week's issue. Distribution of the paper is always eagerly awaited by the students; they waste no time in pouncing on the copies as they are passed out.

Glee Club

FRANK ST. DENIS
PRESIDENT

A generous sprinkling of talent, a genial director, an unsurpassed group spirit, and one has a good summation of the U. of D. High Glee Club.

Since its formation seven years ago, the Glee Club, under the direction of Fr. Arthur M. Linz, S.J., has shown remarkable progress. Its growth in membership has parallel a growth in quality and achievement. During the years, the Club has provided both students and parents with many opportunities to hear and witness some very colorful presentations of choral singing. Numbered among the Glee Club's more noted accomplishments in recent years are the 1947 presentation of the "Pirates of Penzance" and the 1950 production, "The Student Prince." To this list may be added this year's performance of "The Mikado."

This fall a permanent place to practice was finally obtained when the old locker rooms were renovated and converted into a music room. The Club moved bag and baggage to its new quarters where, once firmly ensconced, it continued operations.

In their first appearance this year, the Club entertained the Mothers and Dads at Christmas with a medley of holiday hymns and songs. Two weeks later the members, decked out in full dress of white coats and maroon trousers, performed for the entire student body at the semester reading of marks.

On April 28, 29, 30, the Glee Club put on the Gilbert and Sullivan operetta, "The Mikado." The fine performance was the culmination of many long hours of practice and preparation.

To the director, the president, and the section leaders must be given much of the credit for the success of the Club this past year. Their efforts helped make the Glee Club synonymous with excellent entertainment and school spirit. This organization's continued success for many years to come should be a foregone conclusion.

Band

The band was the impetus behind many a victory on the gridiron and basketball court. Without fail the band was always on hand to spark a rally or lead the cheers. The organization boasted fifty members.

Choir

With Mr. Huelsman, S.J., as organist and leader, the choir often sang the 8:15 Communion Mass. The group also acquired a good knowledge of the Gregorian Chant.

The Cub Annual

Publishing an annual is never an easy task. Trying to fill the shoes of a staff which produced an award winning yearbook is a job made doubly difficult. How well the 1951 staff succeeded in this endeavor is a matter which only the observer can determine. We can, however, safely say that the book represents the sacrifice of much time and effort.

Much of the work entailed fell to Mr. Predovich, S.J., and to the co-editors Hal Sweeney and Sam Williams. Theirs was the task of planning pages, cropping pictures, and handling all the minute yet multitudinous details which go into the making of an annual.

One of the first concerns of the staff was the completion of the Senior section. Individual write-ups for each of the 176 graduates kept the four-man Senior write-up staff busy writing and revising until late in February.

Sports editors, Dan Distel, Bill Flynn, and Emmet Tracy pooled their efforts to produce a colorful, comprehensive sports section. Write-ups and page setting for the Activities section were done by Conrad Chapski and Peter Deane. The credit for the Spiritual section belongs to Bill Daniel.

The success of the ad and patron drives and the sale of this book were made possible only through the concerted efforts of John Slavsky, Tom Meyer, and Jim Stevens.

Frank Grady and Art Ludwig shouldered the heavy burden of taking nearly all the pictures which appear in this yearbook. The art work was produced by the deft strokes of Mike Kearns' pen.

LOOKING DOWN THE

When U. of D. Highs' football squad trotted onto the gridiron turf for its initial game of the season, speculation ran high regarding the team's chances of repeating as Metropolitan League Champions. Cub partisans pointed confidently to the veteran backfield quartet of Bill Schneider, Joe Basford, Tom Zang, and Chuck Baer. The Cub secondary ranked as the most potent and versatile backfield in the city. However, the Cub line presented a somewhat cloudier picture. The entire first-string forward wall of the '49 Championship outfit had been lost through graduation. The new line was neither experienced nor tested. Its real worth was yet to be determined.

Thus, with a paradoxical set-up—an outstanding backfield and a comparatively "green" line—the Cubs entered league competition. After squeezing by Miller, U. of D. rode roughshod over its next two opponents to relatively easy victories. Despite the early loss of Bill Schneider because of injuries, the backfield easily exceeded pre-season predictions. Hard-charging fullback Joe Basford came to the fore as the outstanding member of the group. The line, which the experts had termed "dubious," showed a marked improvement with every game. The added confidence and experience wrought a general stabilizing effect on the whole team.

GRIDIRON SEASON

The Western game was important for two reasons. First, the Cubs were put under pressure for the first time of the season. Secondly, Tom Zang, spark-plug of the team, was injured. U. of D. was forced to stage a desperate last-half rally to pull the game out of the fire. Despite the triumph, however, the injury to Zang put a damper on the Cubs' chances in the big title go against Redford. At Redford, U. of D. fans saw the Cub line hold off the Redford forwards for three periods before tiring and spliting wide open to allow three Huskie scores. Though Redford gained a well-deserved victory, many observers felt that had the Cubs been at their physical peak, the game would have had a far different story. U. of D. defeated its next two opponents, Chadsey and Mackenzie, without any trouble and finished the schedule with a 6-1 record.

On the whole the season was a highly successful one. The team finished second on the West Side, losing only to Redford, a club which eventually became City Champion. Many years from now, U. of D. High students may, in retrospect, recall with pride the accomplishments of the 1950 Cub eleven. Here was a team which hustled from Coach Tiernan's first practice whistle early in the fall until the final gun of the Mackenzie game. Regardless of the score, the team played every minute of every game hard; they played to win.

Seven Cub players received local and state-wide recognition for their outstanding play. Leading the parade was fullback Joe Basford, long-toiling luminary of Coach Tiernan's eleven. Besides being a unanimous All-City choice, he also gained All-State Honorable Mention.

Vastly underrated center Frank Feher and Junior end Frank Prebenda were second team All-City selections. Quarterback Tom Zang, tackle Stan Bartnicki, quarterback Chuck Baer were also accorded All-State Honorable Mention.

To top off a near-perfect season, Joe Basford was voted "Most Valuable Player on the West Side" by the Metropolitan League football coaches. Joe scored 12 touchdowns, gained 1,067 yards rushing, and turned in outstanding defensive gems to richly deserve the coaches' honor.

THOSE WHO SERVED UNSUNG

Much of the credit for the successful season must be given to Coach Tiernan, who molded an aggregation of assorted talent into an integral unit, instilled fighting spirit, and fielded a top-notch team. Accolades must be given also to Frank Cobb whose work with the team proved invaluable. Also, the efforts of Bob Solnar contributed much to the success of the team. Taking charge of the football equipment can be quite a job, as Managers Bill Falls and Dave McLauchlin will readily testify. The value of Bill Schneider and Tom Zang was proved when the Varsity voted the backfield aces as the 1950 co-captains.

3. By 7:00 everyone is ready. The players sprawl out in the darkness for a few minutes' precious rest before going up to the chapel for a visit.

4. The team boards the bus on schedule. The night was bitterly cold, and the two dozen cloaks were in great demand.

6. Tight-lipped Tom Levois waits to go in. Minutes later, he reeled off three long gains to make quite a splash in his debut.

7. The entire U. of D. bench gasps with horror as a Mackenzie end appears certain to go all the way on an unexpected screen pass.

'50 SEASON NETS CUBS

A non-league contest with lightly-regarded Miller ushered in the '50 season for the U. of D. High Cubs. But an upstart band of Trojans put up a stubborn fight before submitting to a 19-14 defeat. Halfback Bill Schneider's second touchdown of the day secured victory for the Cubs in the waning minutes of the game.

U. of D. opened its defense of the Metropolitan League Championship against Southwestern. Spearheaded by the running of Joe Basford and Bill Schneider and the passing of Tom Zang to Frank Prebenda, the Cubs rolled to a 20-0 half-time lead. Never seriously threatened, U. of D. scored an easy 27 to 6 victory.

The following Friday, Northwestern fell by the wayside before a hard-charging Cub eleven. Chuck Baer threw two touchdown passes in this game. The game ended with U. of D. on the long end of a 27-0 score.

A Western aerial barrage found a vulnerable spot in the U. of D. armor. But Coach Tiernan's scrappy Cubs, trailing late in the game 21-19, rallied to win 32-21. Tom Flynn broke into the scoring column with a brace of touchdowns. Basford continued his scoring spree with three six-pointers.

SECOND PLACE

Crippled by injuries to key players, the team journeyed to Sawyer Field to do or die against Redford's title-hungry Huskies. Prebenda made a great catch of Baer's pass for a second-quarter touchdown. But the Cubs trailed at halftime 7-6. Cub fans had little to cheer about in the second half as the gray-clad Huskies methodically ground out three touchdowns. Bill Schneider hit the line for a U. of D. score late in the last period. But Redford's weight and power proved too much, and the Huskies clinched the championship 27-13.

Chadsey proved to be a breather and was soundly trounced 33-0. The Cub attack featured the running of Basford, who added two more tallies to his total. Starting slowly, the U. of D. machine picked up momentum and rolled to a decisive triumph.

A small crowd of hardy fans braved the bitter November cold to witness the Cubs wind up a successful season by whitewashing Mackenzie's Stags 13-0. Basford accounted for both touchdowns, going 50 yards down the sideline for the first and taking a Chuck Baer pass for the second.

RESERVE FOOTBALL

With only a single defeat and lone tie marking an otherwise perfect season, the Reserve football squad captured their second West Side title in as many years. Again under the direction of Coaches Pat Brennan and Bud Jeakle, the Junior Varsity rolled over virtually every opponent. But besides turning in a highly successful season's record, several outstanding Varsity prospects were produced.

FRESHMAN FOOTBALL

Although the won-lost column of the Freshman Football team is anything but inspiring, Coaches Marty Scanlon and Bill Molnar fielded a team well drilled in the fundamentals and stocked with several excellent Varsity prospects for the years to come. Operating from the Varsity's style of the T-formation, the Frosh found their difficulties putting together a high-scoring unit. However, on the defensive side the young Cubs performed exceptionally well.

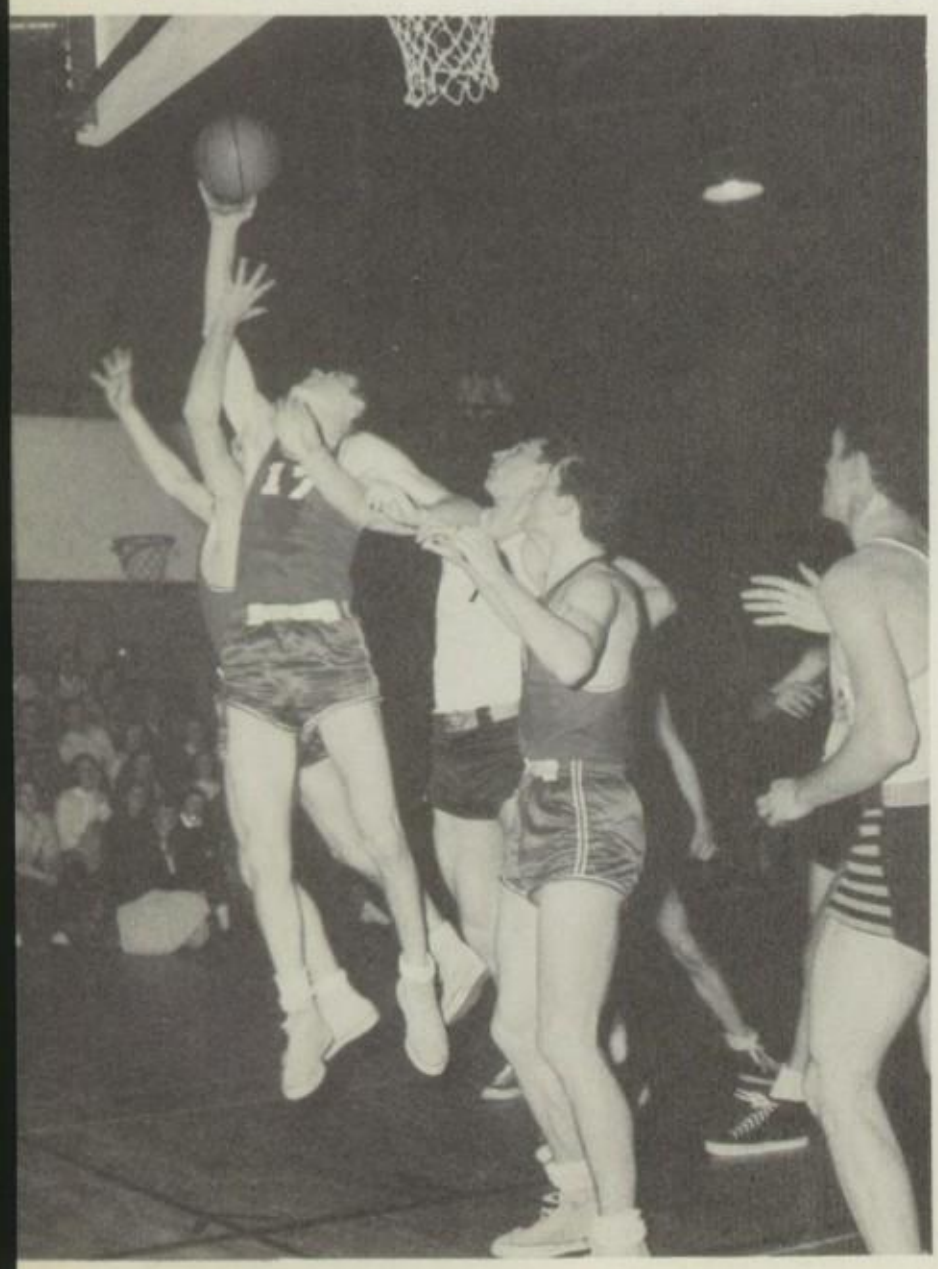
DAN CURAN BREAKS up a dangerous Redford scoring play.

PRATHER LAYS ONE UP against Denby as Zang watches anxiously for the result.



BASKETBALL

The outlook for this year's cage team was brighter than it had been for many years. Ken Prather, unanimous All-City choice and another regular, John Sincic, were available. Four other lettermen were still around with several good men up from the reserve team.

William Madigan returned as coach and successfully drilled his system into the squad, but Lady Luck stepped in to rob the team of two championships.

We traveled to Chadsey to open the league schedule and received a terrific shock. The Explorers used the small court masterfully, but the Cubs, led by Bill Brennan, surged on to a 40-35 victory. Prather with 15 and Brennan with 12 turned defeat into victory.

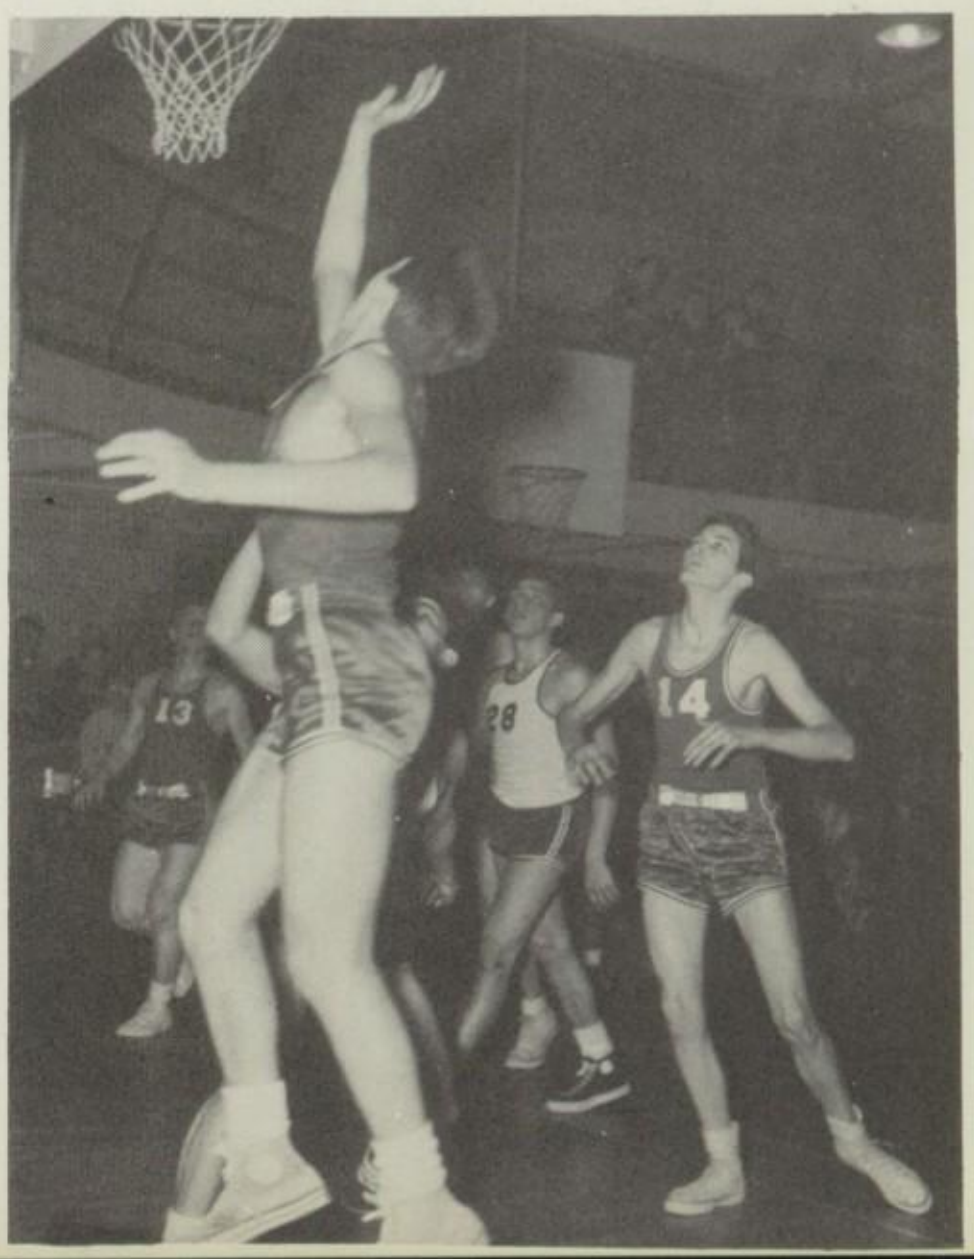
Back in familiar surroundings, the favorites easily outdistanced Mackenzie 47-31. Prather took honors with 16 points and Tom Zang aided the Cub cause with 8.

Southwestern was to be our first big test, and the Cubs were equal to it. Jack Curran stood out as the team rolled up a 28-8 halftime lead. Prather again gave a steady performance with 18. Final score U. of D. 40, Southwestern 23.

Central showed an aggresive defense that stopped the high-scoring Cubs in their tracks. However, with Prather and Brennan hitting, the Cubs triumphed 35-30.

Thus the way was cleared for the game billed as the title battle of the year, U. of D. vs. Northwestern. The Colts grabbed a nine point lead, but the Cubs, sparked by Dan Curran, cut the deficit to 23-21 at the half. Although we drew to a tie, the game was lost 42-40 in the last seven seconds.

SINCIC'S "BODY-ENGLISH" helps net two points for U. of D.



SEASON

The Cubs bounced back to beat a heated-up Redford team. The Huskies stormed into a 10-1 lead, but the locals were ahead 48-33 at the final buzzer. Captain Ken Prather exploded for 25 points.

Johnny Sincic scored 12, and with Prather pumping in 21, our boys dumped Cooley 48-37. The team showed a marked improvement in this game.

The Cubs' attack really picked up in the regular season final against Western, coasting to a 57-35 victory. Prather set a school record of 31 points.

The Cubs drew Eastern for their first round opponent in the play-offs. The inspired Indians racked up a 30-17 half-time lead. Prather, held to five points in the first half, dumped in 16 in the second to pace the Cubs to a stirring 50-43 victory.

Denby, the Cubs' second round opponent, offered stiff resistance for the first quarter, but once the Cubs got up steam there was no stopping them as they shot to a 45-34 win. Zang, Prather, and Don Fraser all played important roles in the win.

"Go U. of D.; beat Miller" was the chant, and U. of D. went out and did everything but beat Miller. The Cubs completely outplayed the Trojans, but the breaks fell to the East Siders, who eked out a 42-40 victory. It was a heartbreaking loss for Coach Madigan, the players, and the loyal, die-hard Cub supporters.

The Colts and Cubs met in a consolation game, but this time the Cubs roared to an easy 53-35 triumph. The Colts didn't get much consolation as Zang and Prather scored 16 and 14 points respectively.

TWO POINTS NEEDED, Zang makes sure no one blocks his shot.

DON FRASER CLIMBS into the stratosphere for a rebound against Redford.

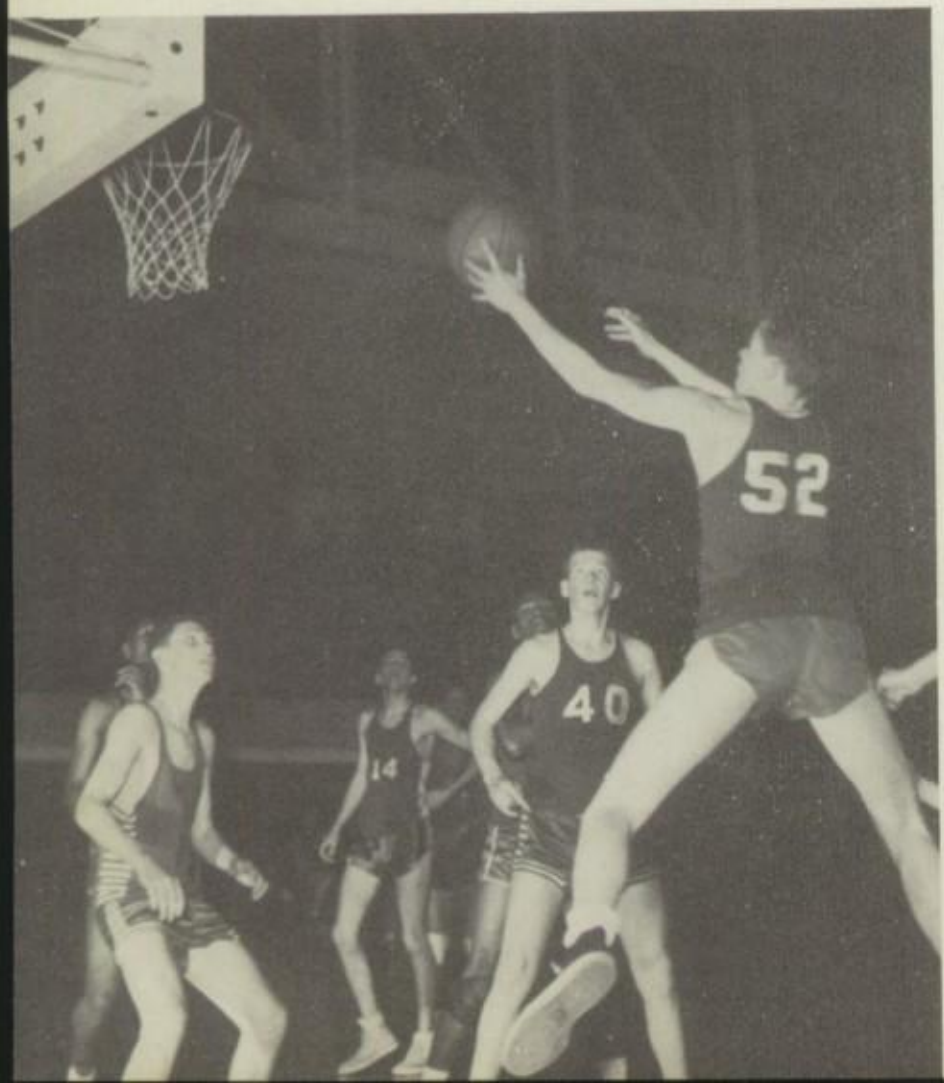
RESERVE BASKETBALL TEAM: Back: Mahan, Montagne, Brown, Riddle. Middle: W. Maloney, Peacock, Kazmierowski, D. Kelly. Front: McClear, MacMichael, Gregory, Obermeyer, J. McDonald.

RESERVE BASKETBALL

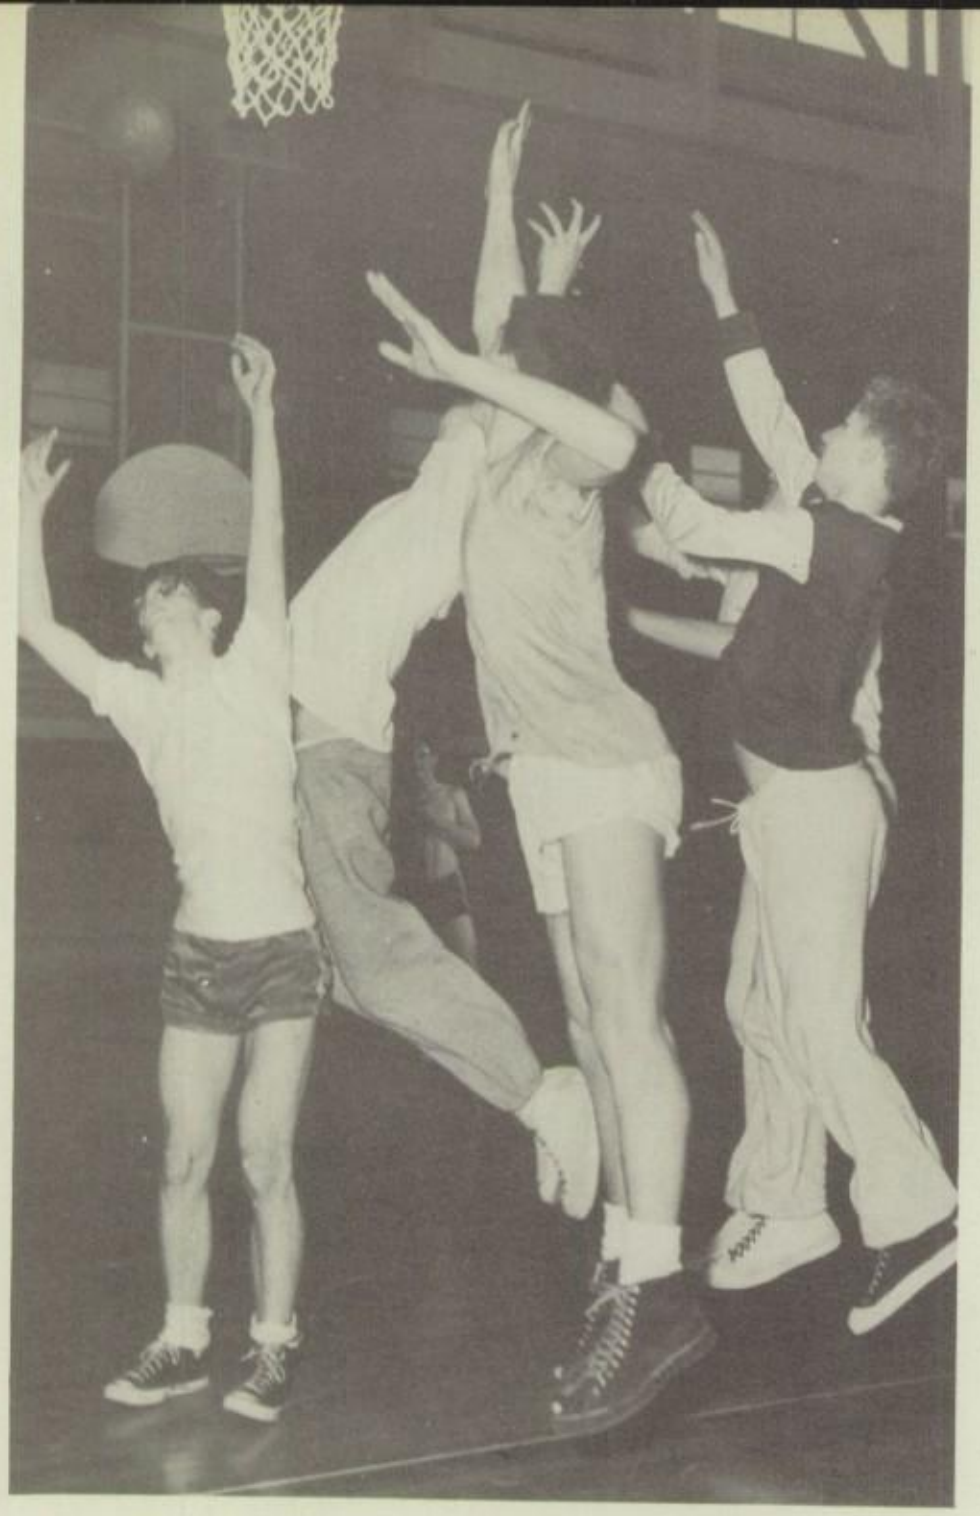
Although the Reserve team, coached by Bud Jaekle, failed to win any championship this year, several players were developed who should be a great help to Mr. Madigan's Varsity in the next two years. As proof, three players—Don Kaump, Tom Chisholm, and Jim Cattey—were called to bolster the Varsity squad for the city playoffs.

The inexperienced Sophomore-studded Reserve club fared poorly at the beginning of the season, but once Bud Jaekle's charges got a few games under their belts, a marked improvement resulted. So great was the improvement that the Northwestern Colts, West Side leaders, were dumped as was a high scoring Western outfit.

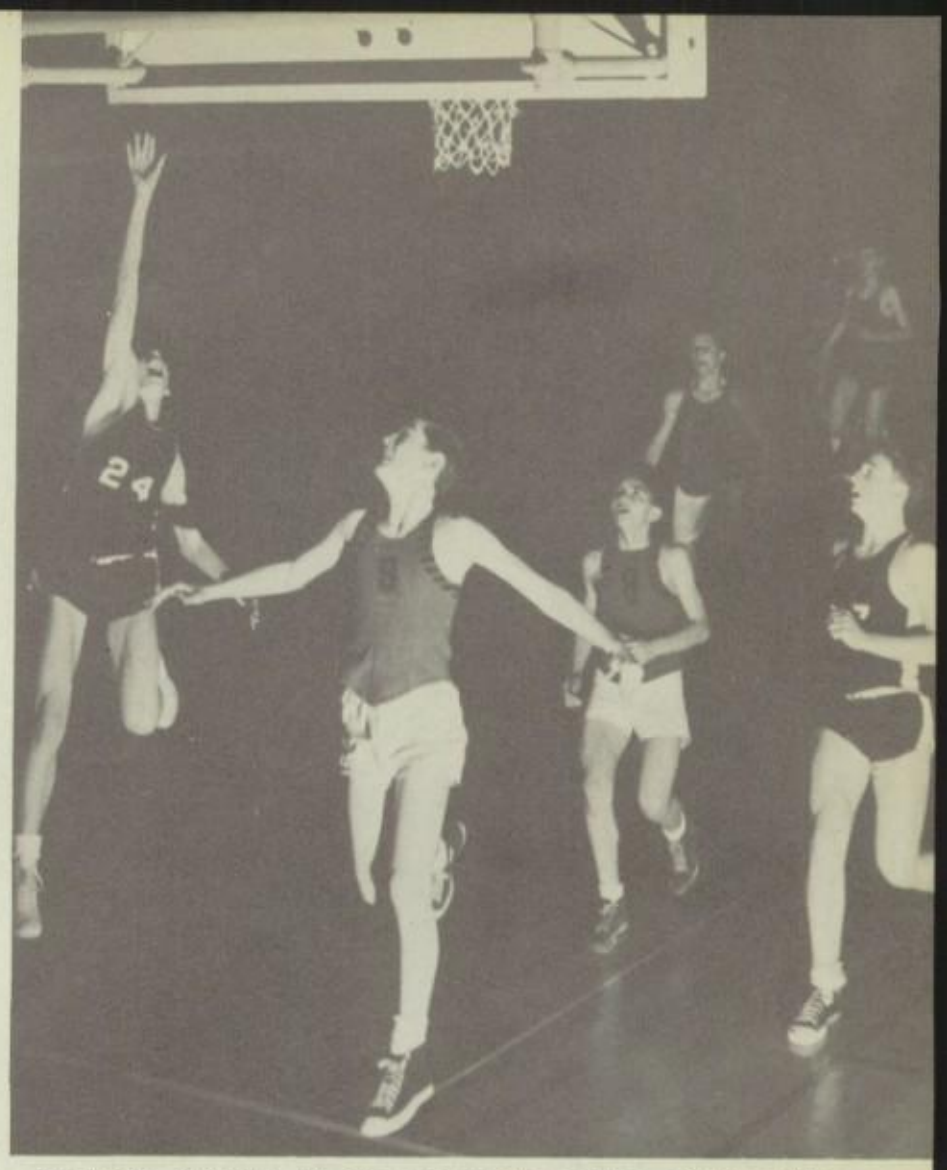
CATTEY (52) UP for a shot as Maloney, Chisholm, and Kaump watch.



BLACK (20) SCRAMBLES with two Southwestern players for possession of the ball.



THE VARSITY HAS NOTHING on these boys when it comes to a good scramble.



FORBERG BREAKS IN for two points against Cooley while J. Higgins waits for a possible rebound.

iddle: Horvath, Sicinski, Moretti, George, De Clercq, D. Keating, Forberg.
ront: Petroski, R. Shorn, Benoit, Brazil, Coach Brennan, J. Higgins, Walker.

Pat Brennan took charge of the Freshman basketball squad this year and coached the boys a little differently from what has been customary in the past. Instead of laying emphasis only on basic plays and fundamentals, Coach Brennan installed the regular Varsity system, figuring that the youngsters would be better players in the future if they learned the advanced style of play early.

Naturally the team at first had difficulty learning the intricate plays and maneuvers; but as the season progressed and the young cagers became more experienced, their play and their won-lost record showed a marked improvement. Moreover, the first team of Brazil, Neff, Forberg, Bevoit, and Walker developed into a strong unit capable of giving any opponent a tough battle.

TRACK

Besides competing in the regular Metropolitan League track schedule, U. of D. High for the first time entered the fall cross-country race. Chiefly because of inexperience, the Cubs fared poorly, failing to place a single qualifier in the finals.

BASEBALL

If an abundance of experienced lettermen means anything, a successful season may well be predicted for the Cub baseball team. Only five of last year's squad were missing from the number of early - season candidates. Plugging the holes left by graduating veterans Bob Kelly and George Stapleton will be Coach Bill Madigan's biggest problem. Otherwise the team shapes up quite well.

TENNIS

Tennis has always been classified as a minor sport at U. of D. High. The past few years, however, have seen the Cub netters come into their own. In the last two years U. of D. High has placed two men on All-City squads. One of these, Jerry Finney, won the city tournament in 1950.

SPORTS

THREE EAGER SPRINTERS, Sellers, Des Rosiers, and Scovall get in trim for the coming season.

However, Coach Tiernan has several veterans returning for spring practice, and the program of four meets promises better results. Heading the lettermen are Ed Sperkowski, Bob Hodges, John Rzeczkowski, Frank Grady, Tom Hernacki, and Dick Byam.

PITCHERS AND CATCHERS take early-season warm-ups. Left to right: Flynn, Brown, Kasmierowski, Bartnicki.

Basford and Tom Zang will probably make up the mound staff. With Don Kish and Stan Bartnicki back again, catching should be no problem either. Except for shortstop, the infield is left intact. Captain Sam Ursini, keystoner Bob Roskopp, and first sacker Tom Flynn form a smooth working combination. Lettermen Bill Marmaud and Bill Berg are set to patrol the outfield along with some expected help from the Legion team. With just a few breaks the team could go a long way. At any rate the team should improve its record of recent years.

U. OF D. HIGH TENNIS TEAM: Back: P. Kennedy, Russell, Cavanaugh, Thompson, E. Tracy, Fletcher, J. Burke, Kozakowski.

Front: Mr. Hassel, moderator, Kiesznowski, Taylor, Wines, Potrzuski.

As a result of the rebuilding program, begun by Mr. Hassel last season, many young players have been developed. The squad is mostly made up of underclassmen. Emmet Tracy, Jim Cavanaugh, Pete Kennedy, and Norm Kozakowski will form the nucleus of this year's team. Help will also be counted on from returning players Pete Russell and Bernie Fletcher. Newcomers are Mike Taylor, Tom Wines, John Burke, Walt Potrzuski, John Burke, Mike Thompson, and Bill Kiesznowski.

Golf

With all but one of last year's Metropolitan League Championship team members returning this year, Father Schumacher expects to have once again an exceptionally strong contender. Two All-City players, Captain Chuck Baer and Gene Novak, along with veterans John Sincic, John Stone, Stan Lendzon, Bill Brennan, and Don Fraser are determined to capture both titles this spring.

In the West-side division, arch-rivals Redford and Cooley should prove to be the toughest obstacles. After U. of D. won the Spring Golf Tournament with Cooley in fourth place, Cooley outshot our linksmen to win the 1950 Dual Championship competition. It was the Cubs' only defeat of the season. But with such an experienced and well-rounded team, prospects are high for a clean record this spring.

TWO CUB ALL-CITY STARS, Chuck Baer and Gene Novak, check over a set of clubs.

INTRAMURAL FOOTBALL

Sparked by strong-armed Sam Ursini, 4C captured the Senior Intramural football title. Although both 4E and 4A finished ahead of them in the regular season, 4C could not be stopped in the play-offs. In the Junior League, the 3A classicists were crowned champions. 3E gave them a battle right down to the wire, but the fine passing of Tom Boyd was the deciding factor.

The 2G team emerged from the title game victor of the Sophomore division. 2C was a tough team to beat, but they lacked the punch to stop the smooth-working 2G club. The final outcome in the Frosh loop was hotly disputed by several of the players. But after being snow-bound for two weeks, 1D nosed out 1F in a struggle that was as bitter as the December weather.

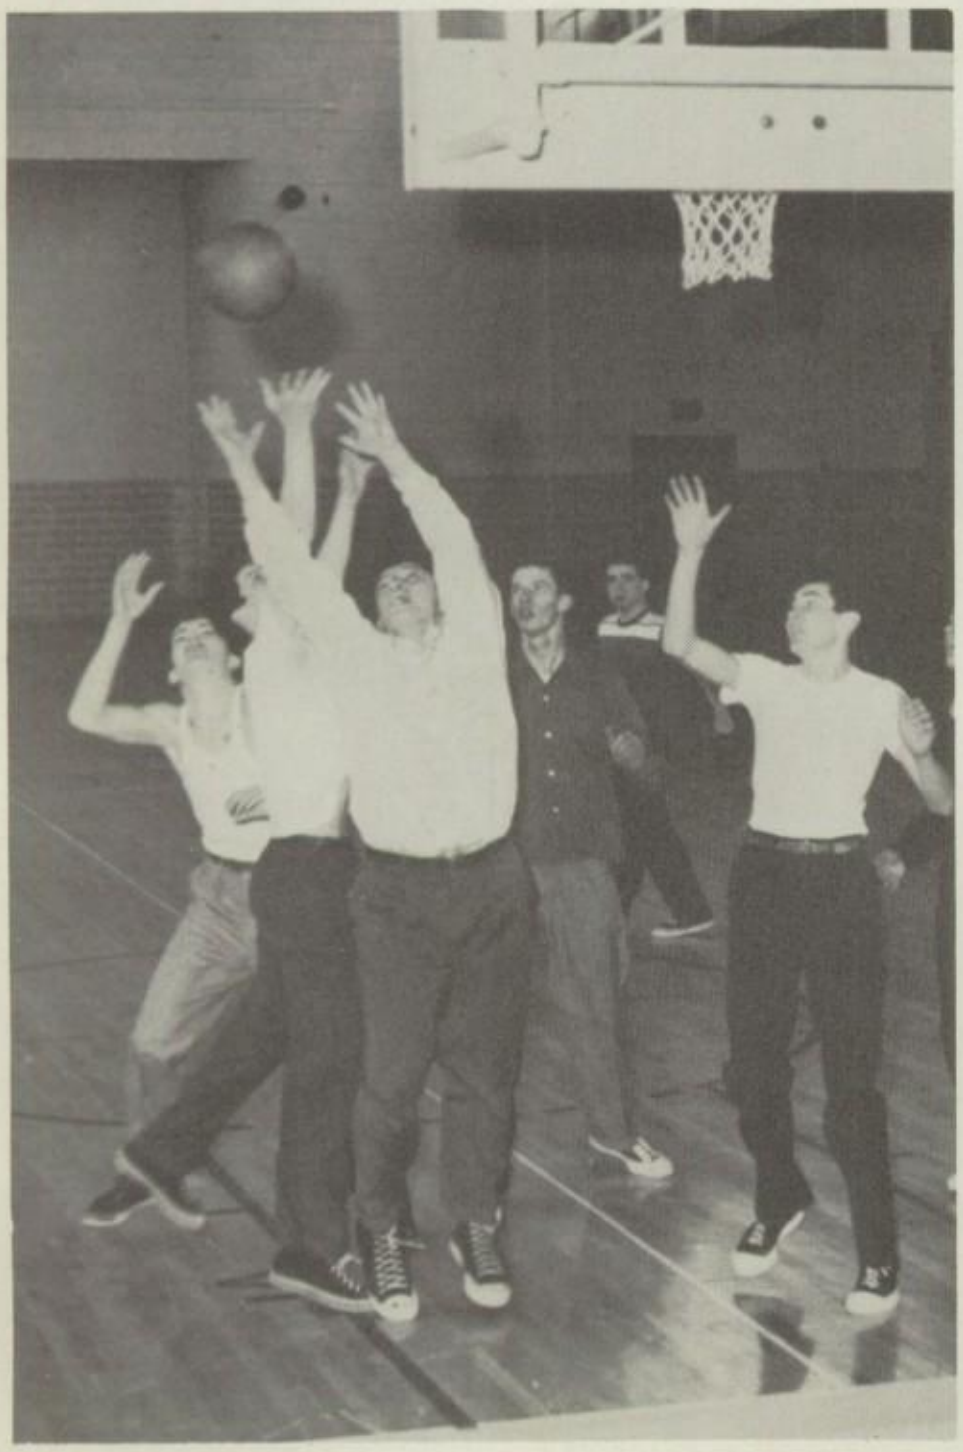
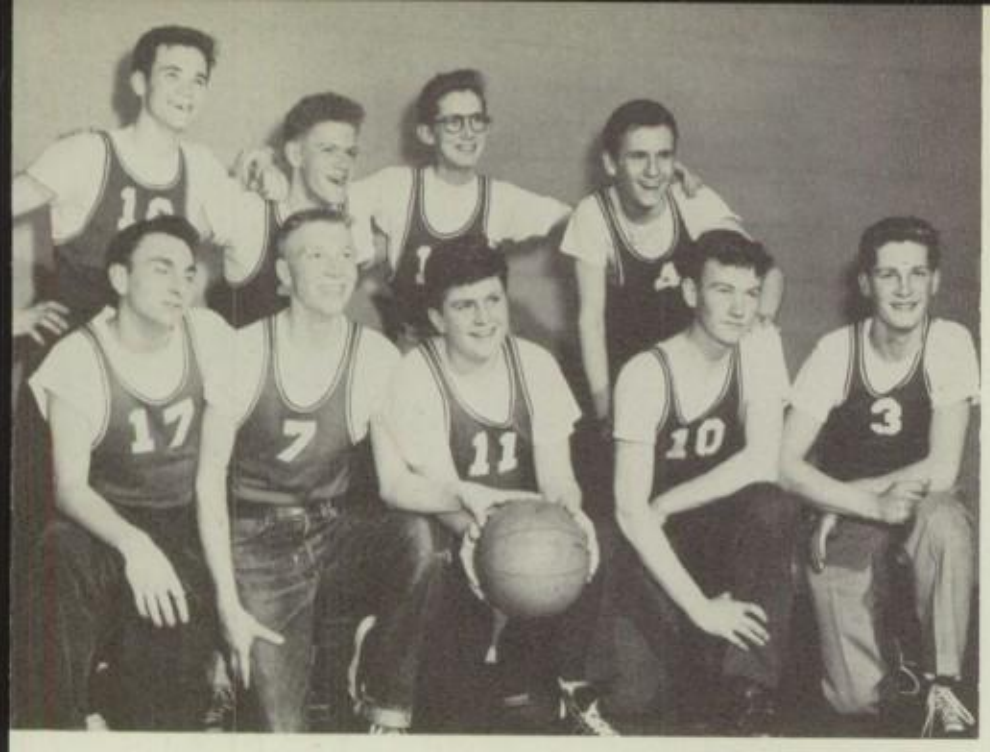
JUNIOR INTRAMURAL ENTHUSIASTS scramble for ball and coveted Intramural Nite berth.



Thanks to the Intramural board under the direction of Mr. Foote, S.J., and the excellent cooperation of Sam Ursini, Intramural Night this year was the best ever held. Besides the championship games for all four years, trophies were awarded to the "Most Valuable Player" in each year. The winners of these trophies were: Tom Schreitmueller of 4-C, Tom McDonald of 3-B, Don Baltz of 2-G, and Joe Grace of 1-J. A medal was awarded to Al Burnett who won the free-throw contest.

A three-man assault paced 4-C to a runaway victory over 4-A with a score of 50-32. Dick Condit with 14, Don Heberer's 12, and Bob Irvin's 11 points crushed any hopes 4-A had. Bill Flynn led

ALL THOSE FINGERS and still nobody's got the ball.



THESE VICTORS OF 2-G agree that the game was tough all the way through: Back: Wines, Stimson, P. Smith, Burton. Front: Roberts, Baltz, Doyle, Conricode, Kaniecki.

A ONE-POINT LAST-MINUTE lead for this 1-F team brings smiles of victory to their faces: Back: Delinski, Boyd, Rapelje, Dillworth. Front: Kwiecien, Hoey, White.

the 4-A point-getters with 12. Don Berner and John Kirwain of the University of Detroit served as refs. Underdog 3-D fought gamely but fell 24-23 to a powerful 3-E squad in the game's waning moments. Bob Roskopp and Tom Hall scored six points each to lead the victors.

Paced by Don Baltz's 16 points, 2-G outlasted 2-F 25-24, in a high-scoring thriller to capture the Sophomore crown. Jack Codde led the 2-F scorers with 16 points. George Kwiecien's basket with 37 seconds remaining netter a close 16-15 win for 1-F over an inspired 1-D ball club. Carl Rybinski kept 1-D in the ball game with 10 points.

1950 HANDBALL FINALISTS Cattey, M. Higgins, Baltz, and M. Basford square off for the title match. Higgins and Baltz were the winning team.

INTRAMURAL BASEBALL is one main noon-time diversion during the spring months. Typifying the spirited interest in these games, K. Johnson, Dimmer, and Wilson all get into the action in this closely contested Frosh game.

Our Lady's Sodality

SODALITY MODERATORS: Fr. Condon, Senior Sodality; Fr. Huttinger, Freshman Sodality; Fr. Wallenhorst, Junior Sodality; Fr. Middendorf, Sophomore Sodality.

The Sodality of Our Lady is not merely another school activity, but a definite way of life based on unselfish devotion and love of Jesus Christ and His Blessed Mother. Through its motto of "Ad Jesum per Mariam," the Sodality strives to spread the religious fervor of its own members to the entire world.

The Sodality is composed of four separate sections: Freshman, Sophomore, Junior, and Senior. These in turn are subdivided into five separate committees. Each of these commitees has its own object which extends and corresponds to the general purposes of the Sodality. Two of these commitees, the Marian and Eucharistic, are designed for the sanctification of their members and the advancement of this in others. The Apostolic and Catholic Action Committees are dedicated to the sanctification of others and the propagation of the apostolate. The last committee is the Literature Committee which represents the connecting link between the other committees.

JUNIOR - SOPHOMORE PREFECTS: Back: Sophomores Kaniecki, W. Burke, Kinsella. Front: Juniors McGough and Ville Monte.

SENIOR SODALITY OFFICERS Back: S. Ursini, Secretary; P. Long, Treasurer. Front: W. Schneider, Prefect F. St. Denis, Vice Prefect.

MARIAN COMMITTEE OFFICERS: Fletcher, Kublin, Mr. Hassel, moderator, Oldani, Martinez, Lucier.

As the heart and foundation of the Sodality, the Marian Committee is designed to increase devotion to Mary the Mother of God and through her to Jesus. The successful execution of this purpose demands the greatest responsibility and consciousness of duty on the part of the committee members.

For the basis of all their plans for the year, the committee decided to follow the wishes expressed by the Blessed Virgin at Fatima. Recitation of the Rosary came in for primary consideration. Emphasis was placed on the Family Rosary, Personal Rosary, and the Block Rosary.

ROSARY WAS THE KEY to all the activities of the Marian Committee this year. Vince Ryan informs Feher, DeKoninck, and Rzeczkowski of the progress of this project.

The first point in the committee's plan to spread this devotion to Mary was to show the way for the rest of the students by starting the rosary in their own homes first. Next, posters and black board announcements urging students to say the Family Rosary were put up. The fruits of this group's efforts showed larger percentages of U. of D. students and their families saying the Rosary.

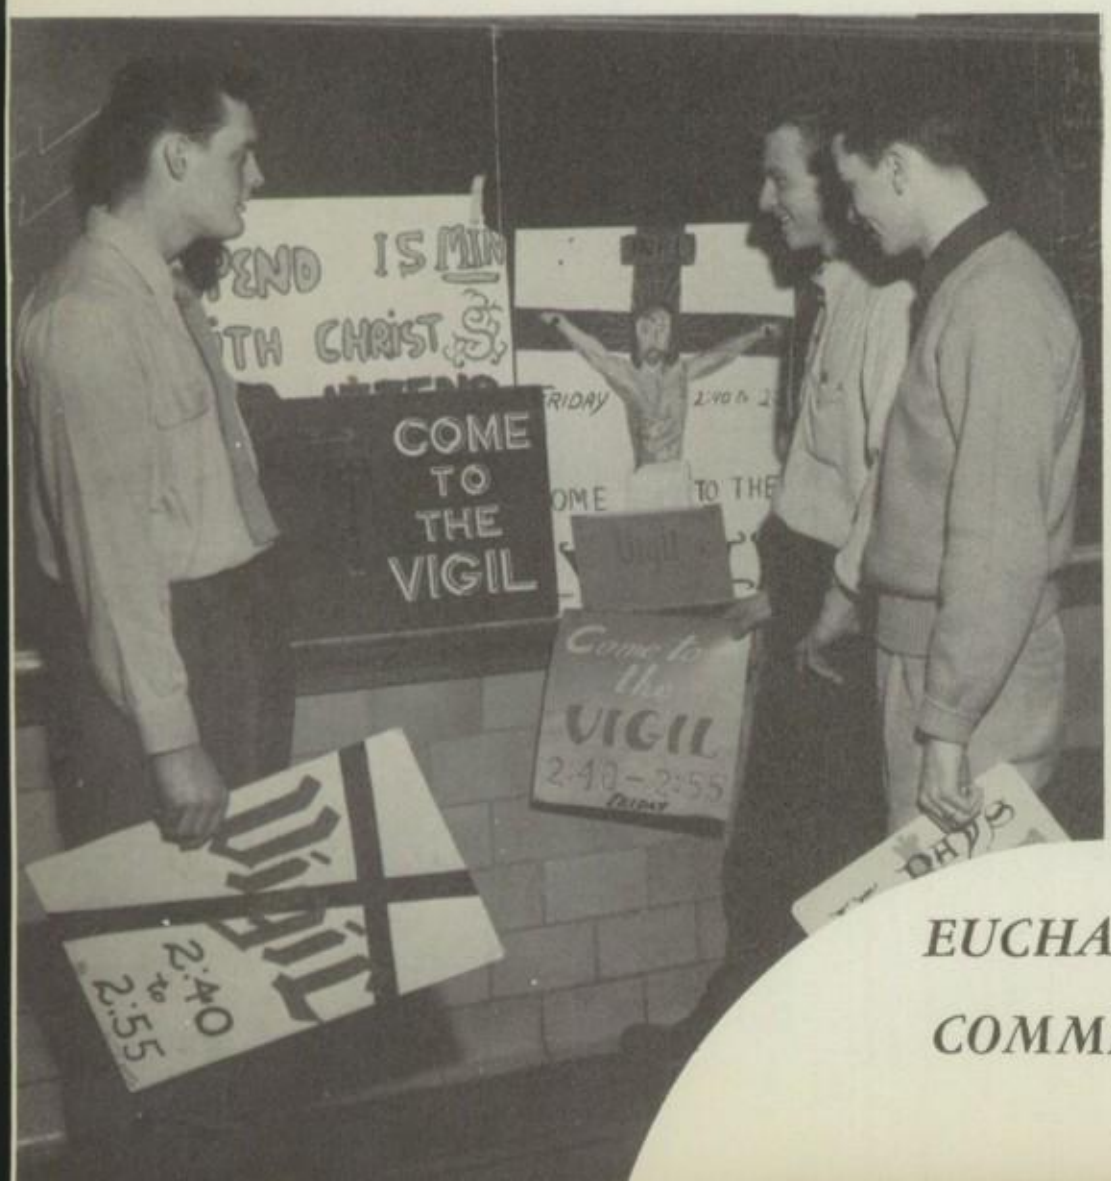
MARIAN COMMITTEE

Sancitification of the individual, not only for sodalists, but also for the entire student body, is the goal of the Eucharistic Committee. Promoting special devotions to Christ, this committee seeks to turn all its efforts toward furthering the glory of the Holy Name of Jesus.

The work of the members centers around two main projects, the Lenten Vigil and the Communion Mass. This year the group took complete charge of the Vigil. Their first task was to increase student attendance and their second to start a campaign for decreasing noise in the corridors during the Vigil services.

Attendance at the morning Communion Mass also increased noticeably. This was due mainly to the efforts of the members of the Eucharistic Committee. By example and urging, they brought many new members into the number of the daily communicants.

EUCHARISTIC COMMITTEE MEMBERS, T. White, McGough, and McPartlin, examine posters used to promote the Lenten Vigils.



EUCHARISTIC COMMITTEE OFFICERS: Piesik, Meyer, Mr. Foote, moderator, Black, Schreitmueller, D. Crimmins, W. Sullivan.

EUCHARISTIC COMMITTEE

Showing their fine spirit of leadership, these fellows have by their own work pointed the way for the rest of the Sodalists as well as for the student body.

A combination of interest, enthusiasm, and hard work —this is the Literature Committee. The members of this group have for their purpose the spreading of an apostolic spirit through Catholic literature. A very noticeable zeal has characterized their every undertaking.

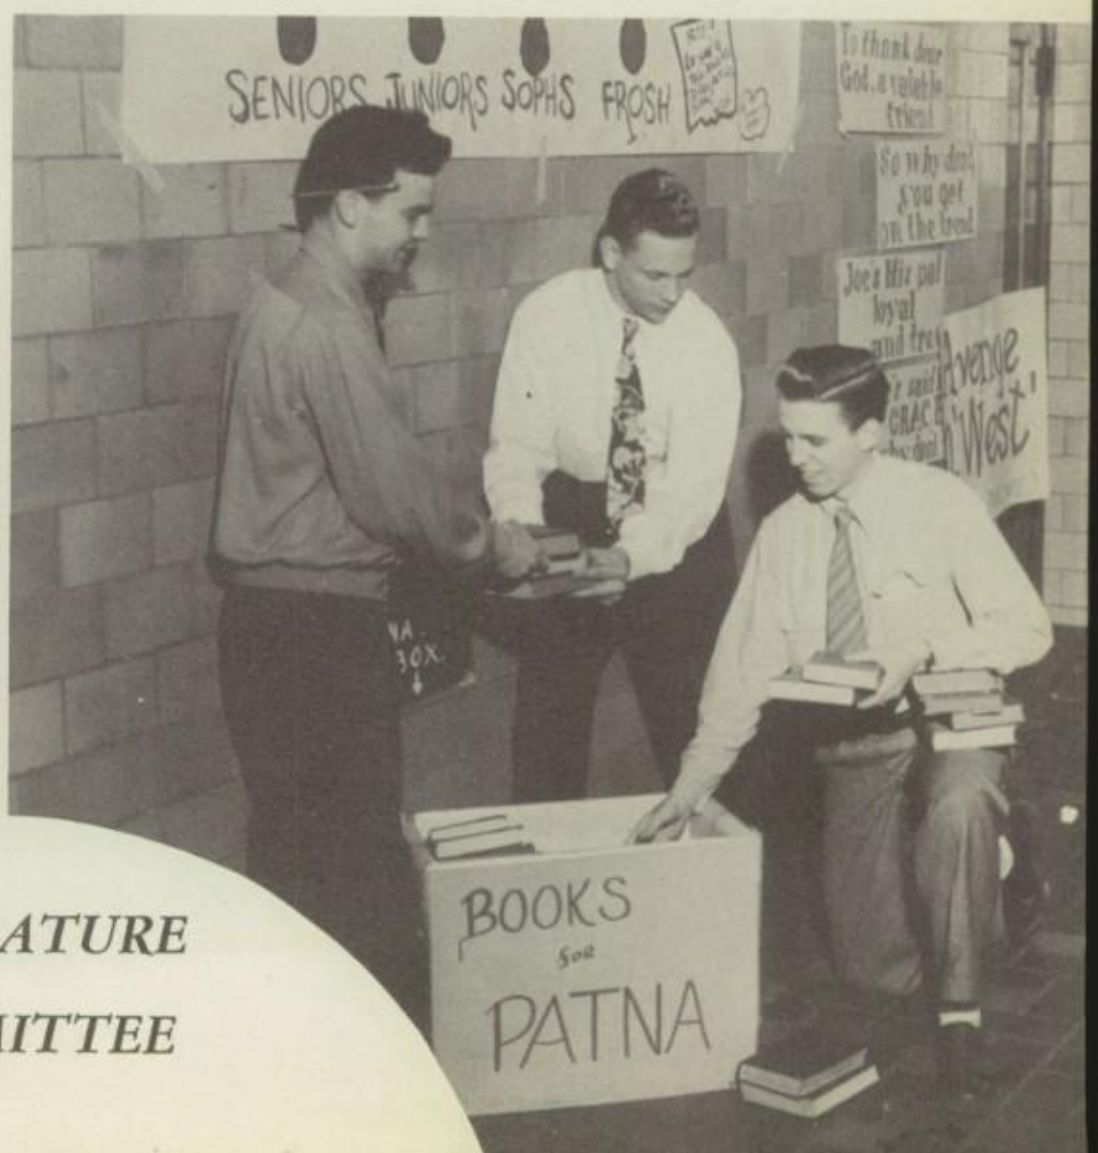
In their weekly meetings, these sodalists conducted a series of lively discussions on contemporary Catholic authors. The recommendations which the members made and the findings which they uncovered were aimed at helping themselves and their fellow classmates in the selection of good, Catholic literature.

Not all of the committee's work was confined to the meetings, however. In the spring, a book drive for the Patna Missions in India was sponsored. The hundreds of books donated proved the success of the drive.

All this industry and earnestness helped make the committee one of the bright spots in the U. of D. High Sodality picture.

LITERATURE COMMITTEE OFFICERS: Back: Bosco, Goering, Daniel.
Front: Fitzpatrick, Mr. Predovich, moderator, Schroeder.

INDIAN BOYS OF THE PATNA MISSION received this load of books being unloaded here by Bill Flynn, Swallow, and Ludwig.



LITERATURE COMMITTEE

STAMP DRIVE RETURNS are counted up by Sweeney, Russell, Cole.

APOSTOLIC COMMITTEE OFFICERS: Back: Dugas, Dilworth, Heyner, Phillips.
Front: Brinkman, Mr. Clifford, moderator, Tracy.

The aim of the Apostolic Committee is to carry out the secondary purpose of the Sodality, namely, the apostolate or sancitification of others. As its name implies, this committee furnishes both spiritual and material assistance to those in need.

High on the list of activities which the group, led by Mr. Clifford, S.J., undertook was the Stamp Drive. Through the sale of cancelled stamps to private collectors, money was obtained to aid the Jesuit Missions in Patna, India.

Another important project was the cleaning detail. Members of the committee frequently went out to the Little Sisters of the Poor Home for the Aged to wash windows, do odd jobs, and help in any other way possible.

At Christmas and Easter the committee conducted campaigns to write letters of encouragement to missionaries. Later in the year, the group concentrated on collecting medical supplies and sending them to the missions. All this activity helped make 1951 a busy year for the Apostolic Committee.

APOSTOLIC COMMITTEE

CATHOLIC ACTION OFFICERS: Back: Harding, Fitzgerald, Birka, Brasseur.
Front: Prather, Mr. Murphy, moderator, J. Dillworth.

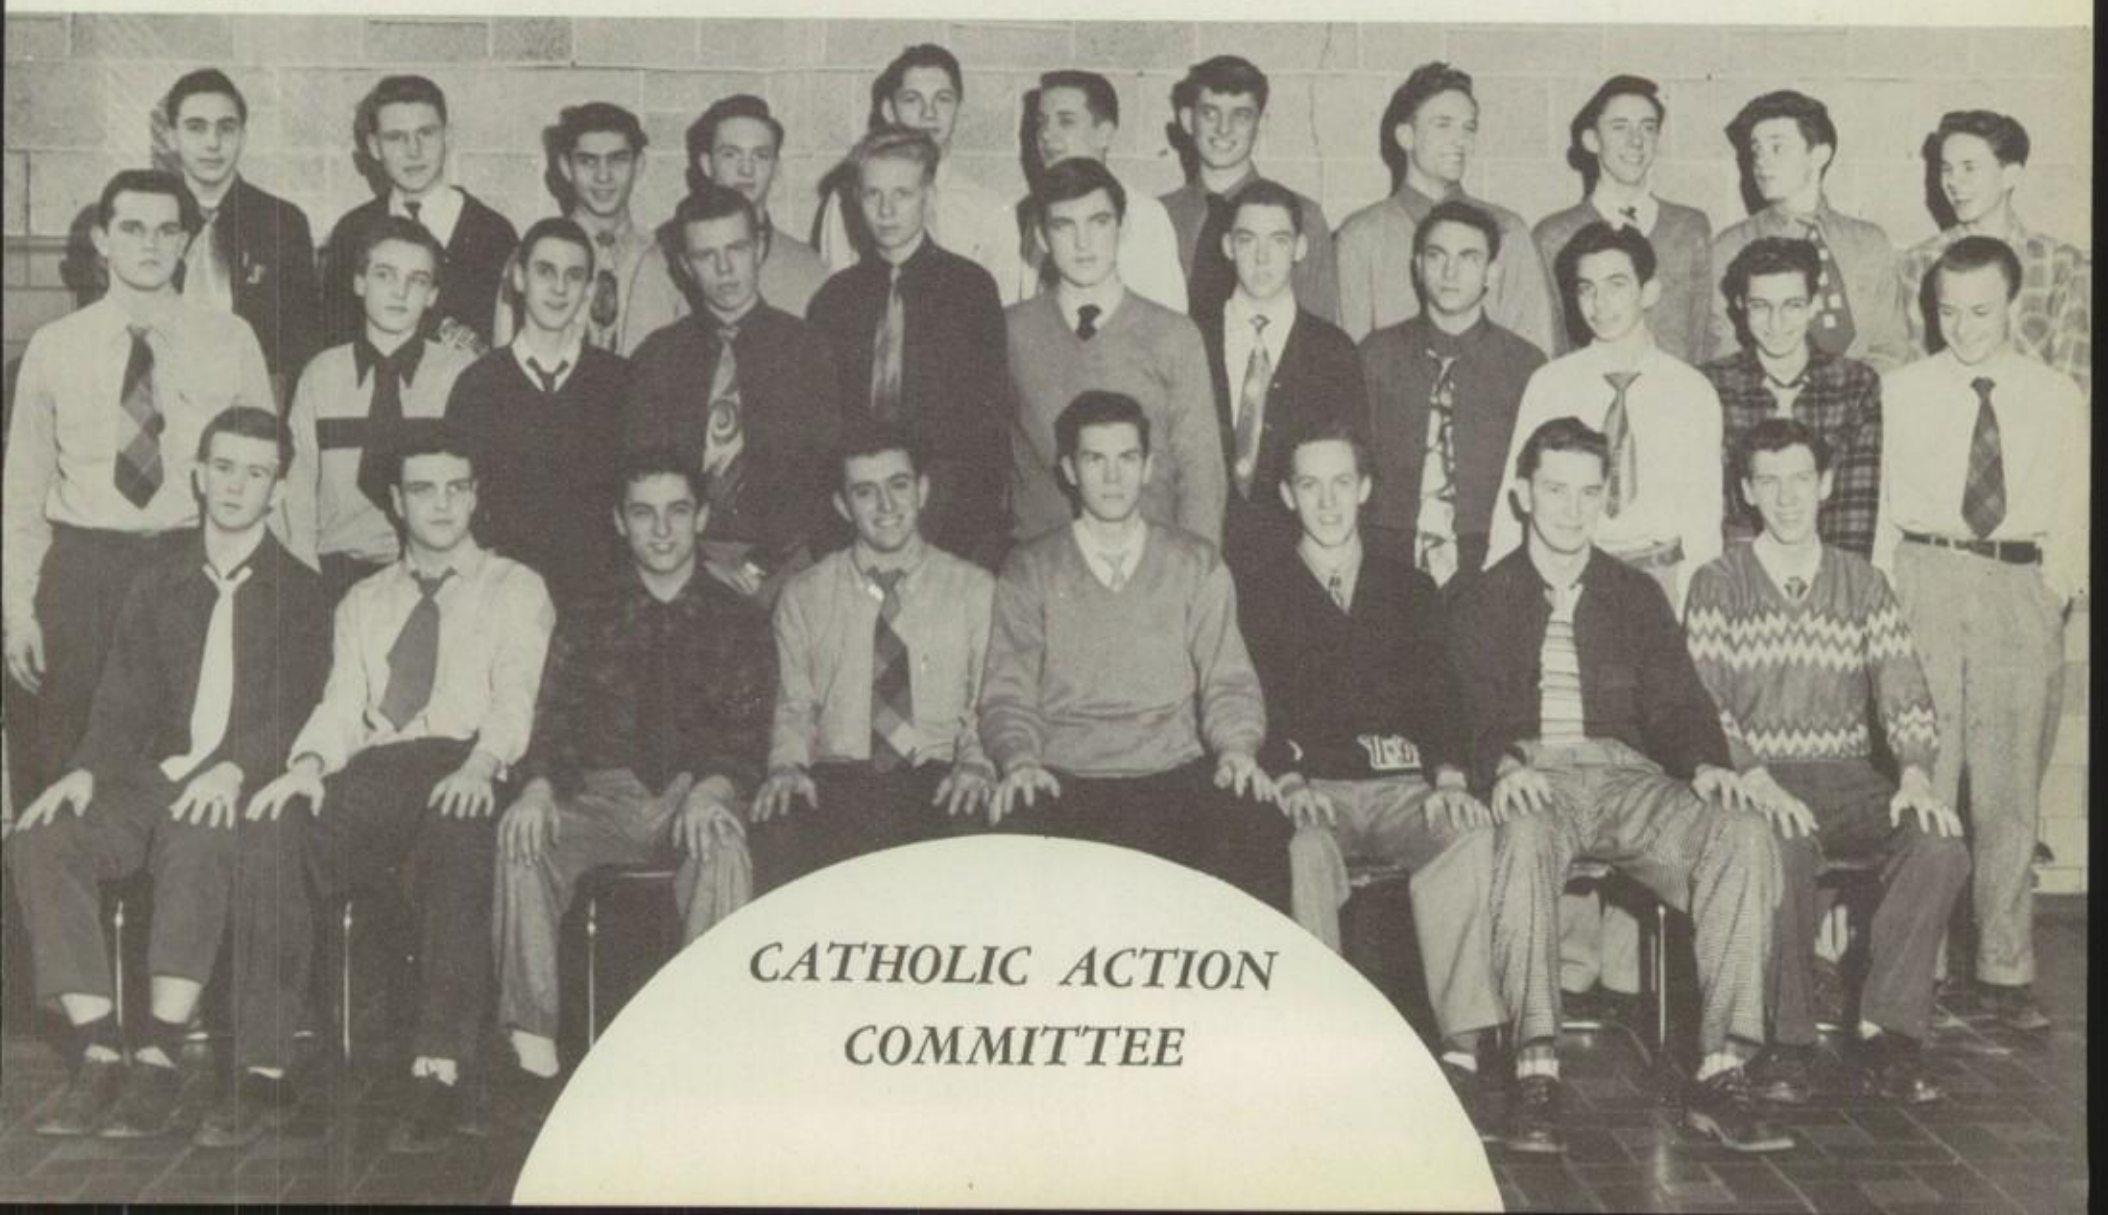
The Catholic Action Committee's place in the Sodality plan is to place emphasis on the individual apostolate in order to bring about the group apostolate. The influence which this committee exerted on the school, classmates, and all those with whom they come in contact can hardly be underestimated.

The first task which this group undertook was to encourage the consecration of the students and their families to the Sacred Heart. Another project that ranked equal recognition was the promotion of the recitation of the Morning Offering. Both of these jobs were carried out in true Sodality spirit and both proved highly successful.

POETIC EMOTIONS of Boyd, Boyle, Ursini, and Kearns were channeled to encourage students to remember grace at meals.

Realizing the small number of students who were saying Grace before and after meals in the cafeteria, the committee decided to take measures to remedy the situation. Ingenious, colorfully-phrased posters urging all to remember Grace were hung in every nook and crany of the school. An unprecedented response met this appeal.

The committee also handled the radio and television Legion of Decency list in the school. A drive to increase interest in the Sacred Heart radio program rounded out the activities of this standout committee.



CATHOLIC ACTION COMMITTEE

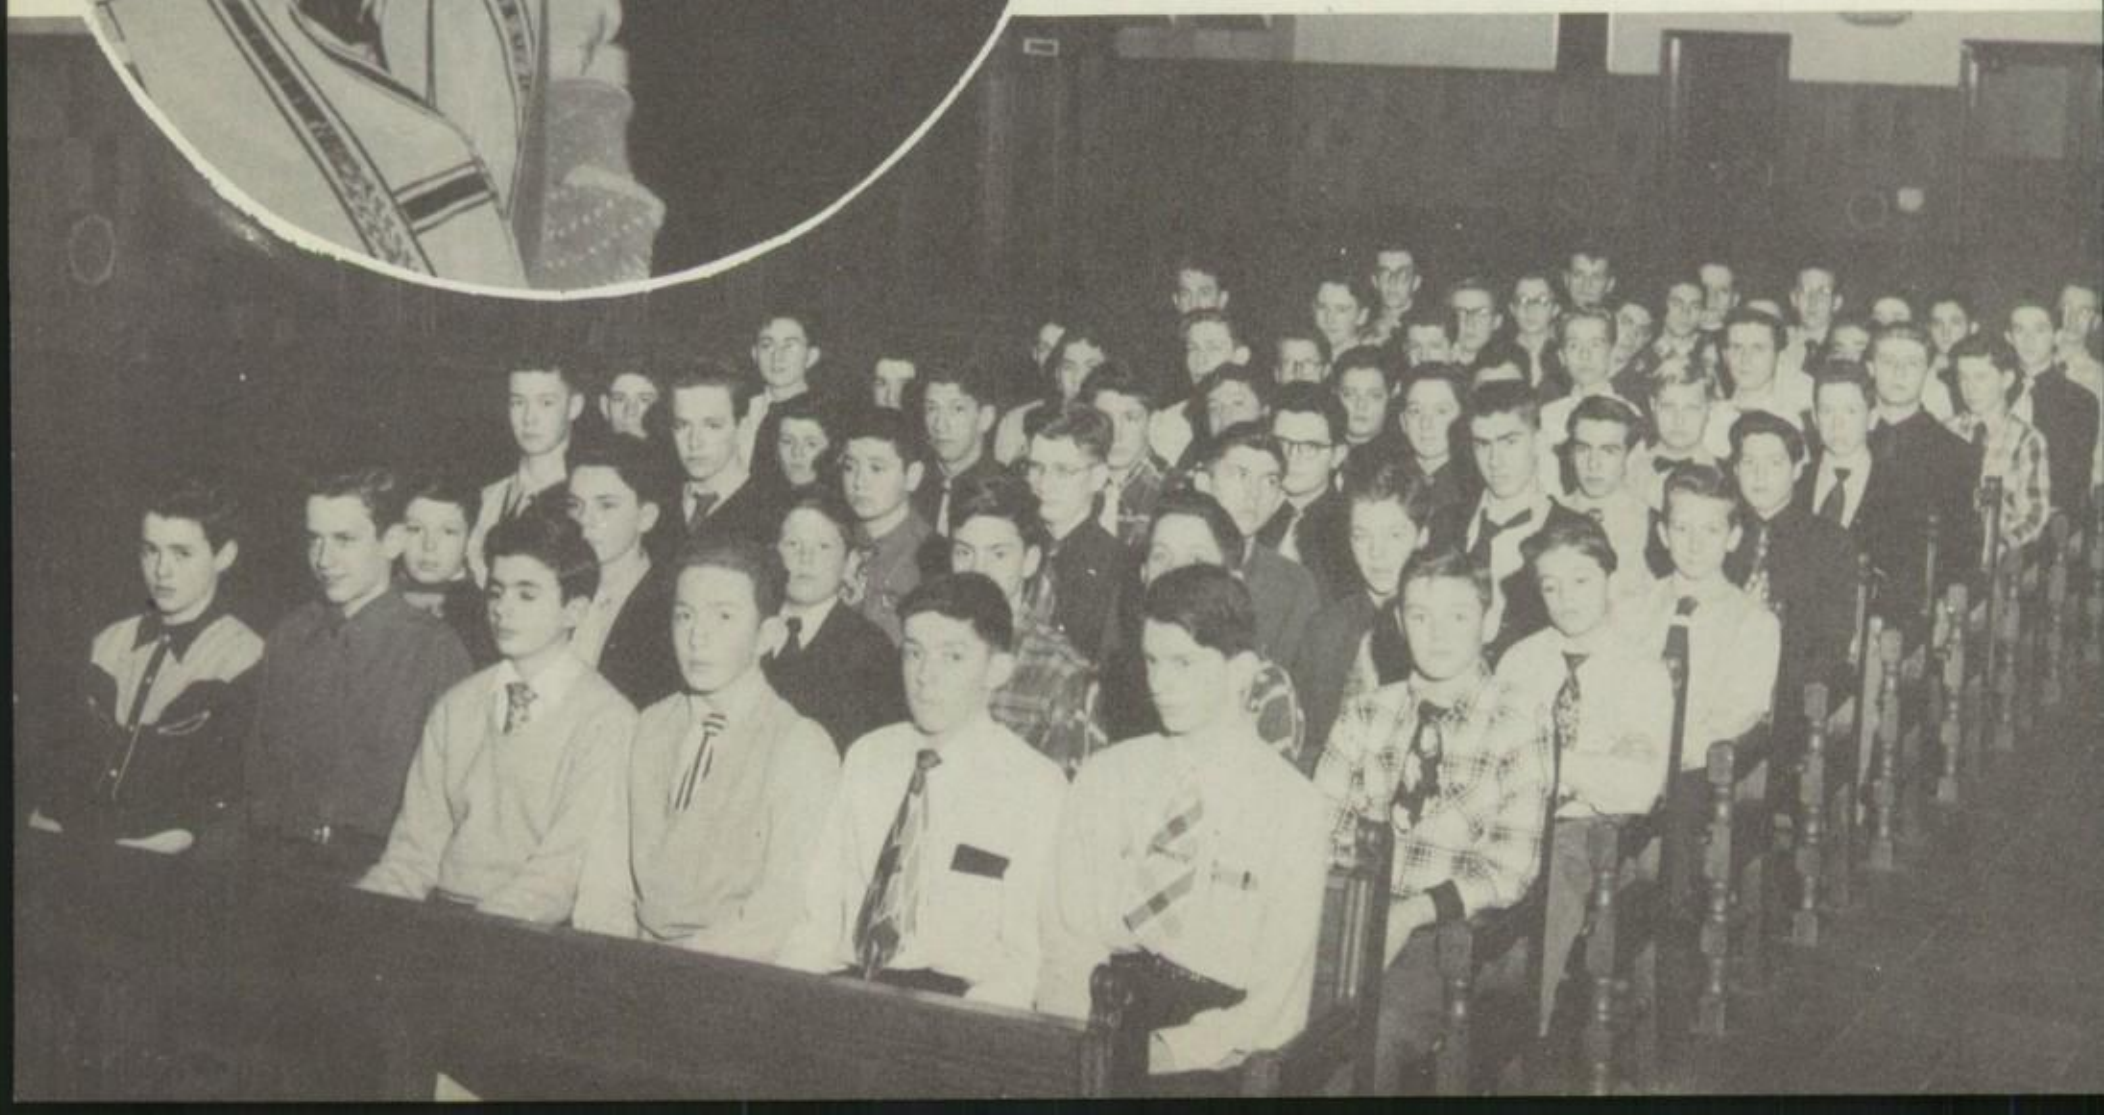
Freshman Sodality

THE IMPORTANCE OF KEEPING THE SODALITY rules is impressed on the minds of Hoey, Komives, and Johnson by Father Huttinger, Freshman moderator.

Before one can enter any profession he must have adequate preparation in that particular field. Similarly, before anyone can be received into the Sodality, he must be trained in the ideals and duties of a sodalist. This is the aim of the Freshman Sodality.

Rules, facts, and inspiration are offered by Freshman director, Fr. L. Huttinger, to those who are willing to accept them. Candidates are subjected to a long period of probation after which they must pass a rigorous test. On Freshman reception day, those successful take upon their shoulders the responsibility and joy of dedicating their lives to Jesus and Mary.

FR. STEIN PLACES the Soda lity medal around the necks of two candidates at the Freshman reception.



FATHER CONDON OUTLINES the Sodality Day program for Fr. Sommer and Fr. Walker.

TYPICAL OF THE SODALITY DAY ACTIVITIES was this display on the Family Rosary.

Sodality Day

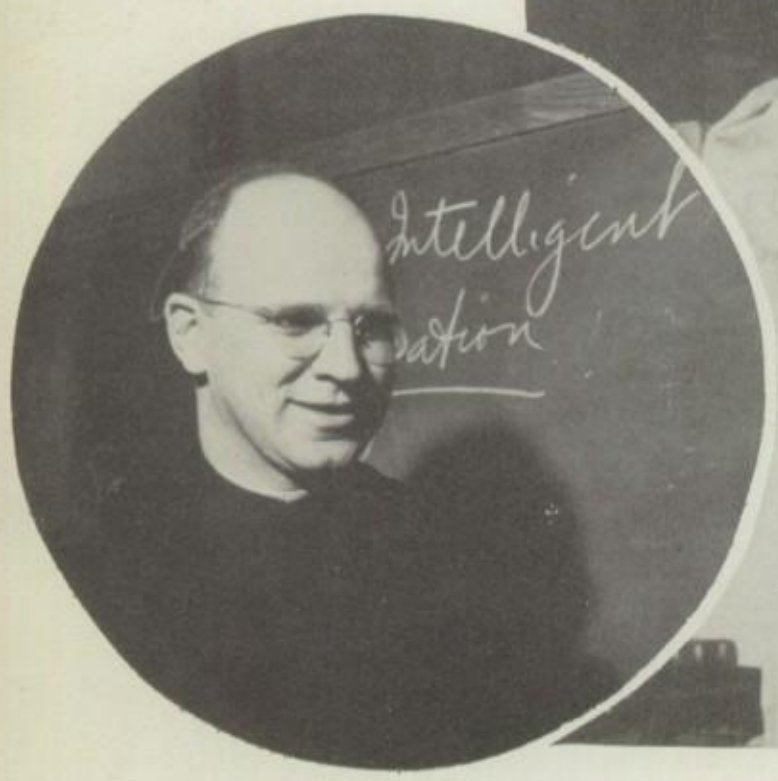
On Saturday, April 7, the University of Detroit High School for the fourth successive year was the scene of the annual Sodality Day. Fifteen hundred delegates representing Sodalites throughout the Detroit area convened to listen to guest speakers and to partake in all the activity and color of the event.

After Mass in the student chapel, the delegates heard Rev. Gilbert Stein, S.J., President of U. of D. High, and Rev. Francis Van Hout, Archdiocesan Director of Sodalities, give welcoming addresses. Next the sodalists and their moderators separated for lectures by Rev. H. Walker, S.J., Rev. Joseph Sommer, S.J., and Rev. D. Lord, S.J., of the staff of "The Queen's Work." In their talks the speakers emphasized the importance of the sodality and devotion to our Lady of Fatima in individual, social, and family life.

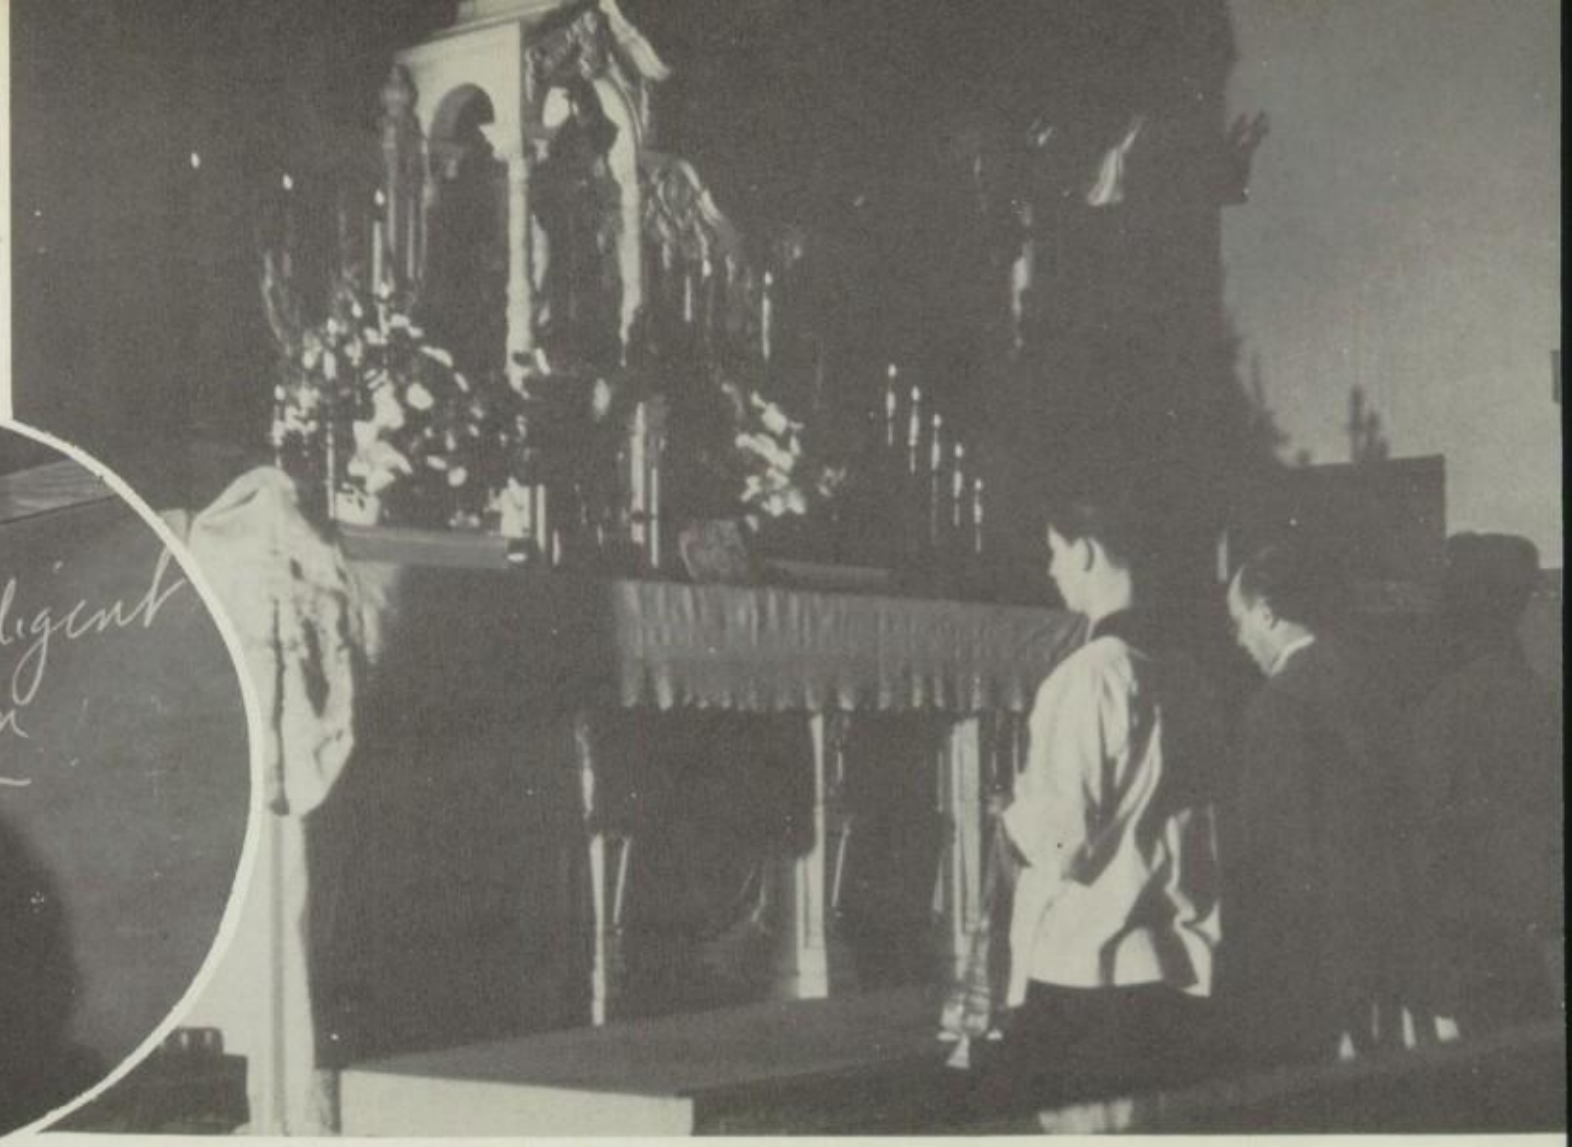
After a recess for lunch, the day's activities were resumed with an inspiring talk to the student delegates. A concluding talk was given by Mr. Nicholas Schorn, Archdiocesan Chairman of the Block Rosary. Then an awesome silence crept over the gym as the vast crowd knelt in prayer to witness Solemn Benediction of the Blessed Sacrament. The program concluded with dancing in the old gym for the student delegates. At the day's end, all who had attended left with a deeper realization of the importance of the Sodality in their daily lives.

FATHER LORD ADDRESSES the assembled crowd of Sodality delegates.

Annual Retreat



OUTLINING SEVERAL POINTS of his talk on the blackboard is Fr. Robert Koch, S J., Senior-Junior retreatmaster.



Always traditional at U. of D. is the annual retreat. These three days of spiritual reflection form the foundation for the whole year and the source from which we draw the strength to transfer to all other events and activities. Refreshment, inspiration, and spiritual rebuilding—these are all characteristics of the retreat.

This year, the retreat masters, Fr. J. A. Mangan, S.J., and Fr. J. R. Koch, S.J., presented a series of talks and spiritual programs which appealed to each and every student. Evening holy hours were also held for the upperclassmen. Student response to these voluntary holy hours and the silence evidenced throughout the retreat were but a few indications of its success.

RELAXING BETWEN talks, Freshman - Sophomore retreatmaster, Fr. J. Mangan, S.J., smiles winningly.

Acolytes

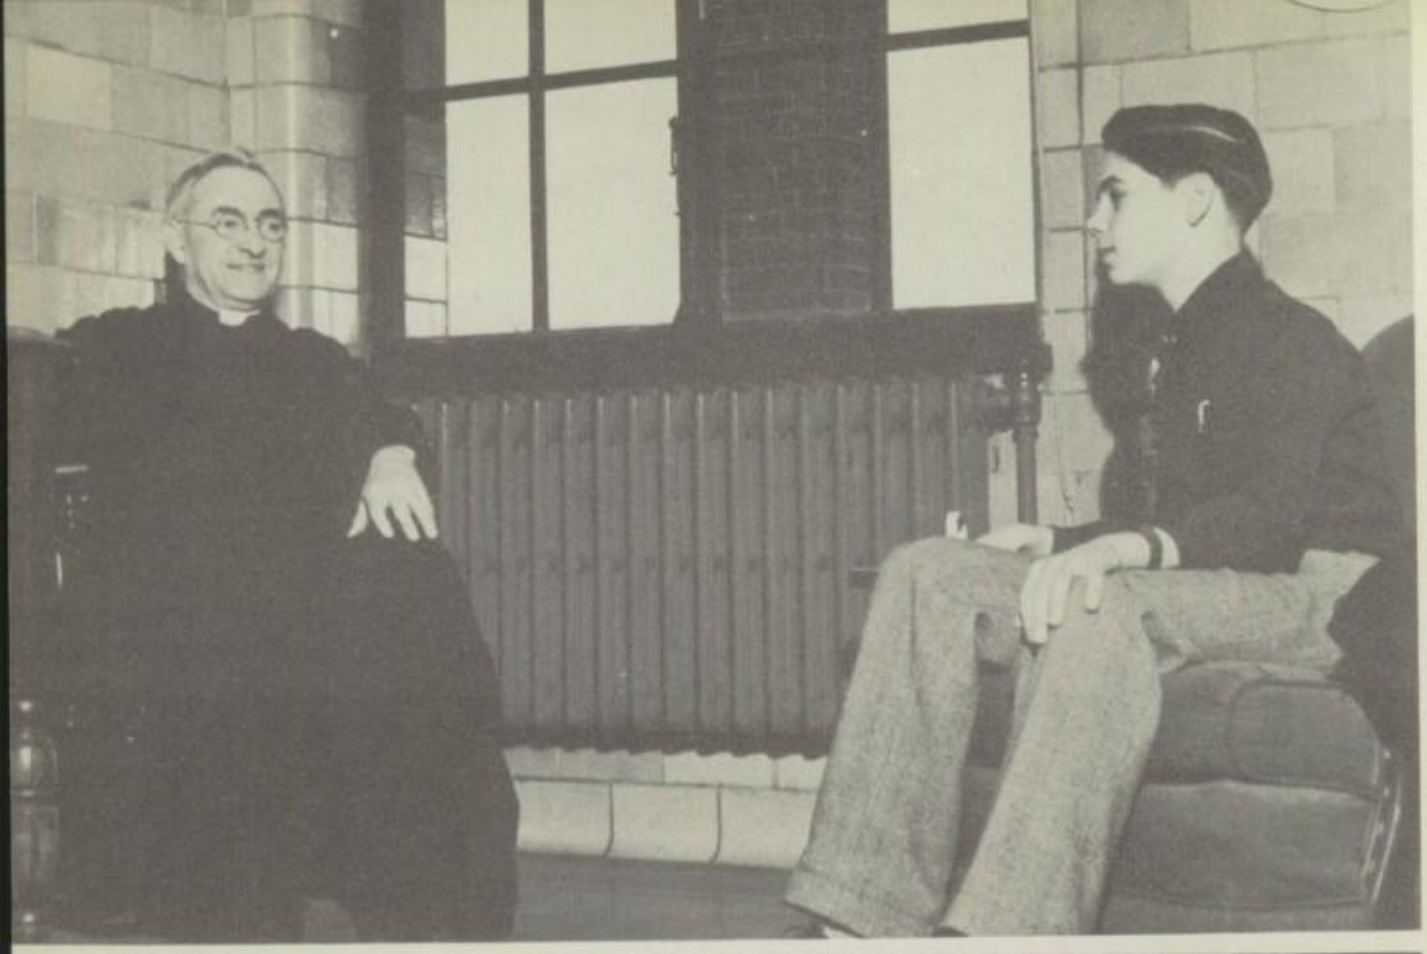
Although much of their work went unnoticed, the acolytes, through their unselfish sacrifice of time and faithfulness in keeping appointments, certainly must have gained many spiritual benefits. Showing the way were the boys who forsook an extra hour or two of sleep to get up early and serve the 6:30 Mass. They were an inspiration to their moderator, Fr. Middendorf, and to all the other faculty members who witnessed their generosity.

Other duties of the acolytes included serving at the 8:30 Communion Mass and at the 9:00 student Mass as well as assisting as various other religious devotions throughout the year.

JUNIOR-SENIOR ACOLYTES: Gatt, Smith, Huber, Mueller, Maurer, Clair, Nahrgang, E. Feely, Parvelski, Schreitmueller, McGarrigle, Deane, Mitchell, Neff, Hill, Ruwart, Long, DeKoninck, Palmer.

FR. MIDDENDORF WATCHES in the background while Senior Pete Deane tutors prospective acolytes Sobieski, Kurt, Kapcia, and Bosco.

FRESHMAN and SOPHOMORE ACOLYTES: Cardinal, Dilworth, J. Maloney, Stuart, Feely, Egerer, Hoey, Burroughs, Wildern, Henrichs, O'Rourke, Spillane, McMaster, Corrigan, Callanan.



STUDENT COUNSELORS

Every student in the school is offered the opportunity of consulting and conferring with members of the faculty who have been appointed as advisers. Always willing to hear the thoughts and problems of any student are Fr. J. Condon, S.J., Fr. G. Wallenhorst, S.J., and Fr. L. Cunningham, S.J. Here Fr. Cunningham gives some friendly advice to a freshman, Jerry Staebler.

MISSIONS

To far away lands go funds donated by the students. The money is used to help the priests in their foreign missions. Here, visiting his favorite donating class, 3-D, is Fr. P. McLaughlin, S.J., head of the mission collection at U. of D.

SPIRITUAL ACTIVITIES

The school offers many opportunities for students to gain extra graces and offer little sacrifices. Among the many services conducted are the noontime Rosary, the Stations of the Cross, and the Vigil.

Cadillac

Its Great Name is Free!

Standard equipment, accessories and trim illustrated are subject to change without notice.

If there were some way to strip a Cadillac of every identifying emblem it possesses, and judge it solely by the way it rides and handles and performs—it would still be quickly recognizable as the car of cars.

Price for price, it would have no competition, purely for what it *is* and what it *does*.

But think what a Cadillac brings you in addition to the solid value of its engineering and performance and comfort and handling ease—*the wonderful, wonderful Cadillac name!*

Perhaps in all the world, there is no inanimate object that speaks so eloquently as the Cadillac shield. It talks of background, of progress, and of faultless workmanship. It proclaims a promise of years and years of the utmost motoring satisfaction. It speaks of its owner, and identifies him as a man of accomplishment and discrimination.

In fact, there is nothing good and wonderful a motor car can bring that isn't promised or implied by the beautiful Cadillac shield. And it speaks a *universal* language, which is understood and appreciated the wide world over.

And remember, you pay no extra penalty for this great and distinguished name. It comes as a "special dividend" with every Cadillac car.

Have you seen the 1951 Cadillacs? If not, we hope that you will do so sometime soon. They are now on display on our showroom floor.

Prophecy of Class

4B

Brian Ahearn—Besides becoming a senator will claim fame as a sequel to Henry Morgan.

Clarence Beaudoin—"Slingshot" will finish what he started in Solid class and become a big-league pitcher.

Steve Bodnar—"Silent Steve" will become a barker in a carnival.

Frank Brinkman—Will have a ballet school in a solid steel building.

Johnny Byrne—"Skip" will pose for Pepsodent ads.

Pete Deane—"Tiger" will sign his '51 contract with the Minneapolis Lakers.

Frank Feher—With a few of his own improvements, "Fuzzy" will become an English professor at Harvard.

John Ferrari—The math brain will be an olive-oil importer and have a basement full of wine.

Paul Fitzpatrick—Will some day be the proud owner of a "Fordillac."

Tom Flynn—Contrary to popular belief, he will hang up his spikes and replace "Errol" in the movies.

Frank Grady—"Diz" will work his way through medical school teaching the Charleston.

Bill Hardy—Will cut his first disk fifty years from now, when Crosby gets too old to hang onto the mike.

Mike Haughey—Mike will grow a beard and star in "Robinson Crusoe."

M. Hull—"Windy" will buy a louder clicker and take the country by storm as Winchell's successor.

Art Ludwig—"Ace" will open an exclusive hair-dressing salon for men.

Ed Lyons—Will teach the co-eds how to ride the surf-board at Miami U.

John McCormick—Will become a boy cartoonist and replace Chester Gould with a rival . . . "Mad Mac."

Tom MacIntosh—"T.J.'s" casual reply to many a perplexing question in college will be, "It varies, sir."

James McIsaac—The "Crimson Kid" will rent a garage and throw parties.

Bill Martin—Will make millions doing the bass part for L-A-V-A.

Richard Miriani—"Dink" will disprove Einstein's theory in 1994.

Eugene Novack—"Byron" will help Miriani after winning the National Open.

Kevin O'Donnell—With the aid of binoculars, will raise his college marks.

Kenneth Ritza—Besides painting bikes he will write for Louella Parsons.

Thomas Roach—Will finally get his wish to meet a certain teacher at the foot of First Street on a dark night.

Thomas Roosen—"Tools" will put duals on his mother's vacuum cleaner.

Peter Russell—"Bristles" will manufacture Ciceronic ponies as one of his great works for charity.

Thomas Schreitmueller—Will give up Pall-Malls for Carol.

William Schneider—Will turn over a new leaf and decide to come home to dinner once in a while.

John Sincic—"All that Trig? But sir, I'm on the basketball squad." John will "zoom" through college the same way.

Marvin Stempien—Marv will write a new Solid book, doing away with all confusion by reducing everything to "just little boxes, sir."

Peter Sutherland—Will go to the south, the DEEP south to do a sequel to "King Solomon's Mines."

Peter Swallow—Will tell off Malik in the U.N.

Sam Williams—Will crash Texaco Star Theatre together with Hardy.

Ed Wilson—"Scratcher" will go into business making hair tonic.

ACKNOWLEDGEMENTS . . .

Kindness and cooperation have been very much in evidence among all those with whom we have come in contact in publishing this Annual. We first of all wish to express our appreciation to the officials and members of the faculty for their interest, aid, and encouragement. Mr. H. Cartter and his associates, especially Mrs. C. Orrin, of the Edwards Brothers Lithoprinting Company are to be thanked for their helpful suggestions, solicitude, and careful printing of this book. For the planning of the cover and binding of the book, a word of thanks must go to Mr. Richard Burkhardt of the Burkhardt Binding Company. We also thank Mr. Cass Pieronek of the Pieronek Studios in producing the Senior portraits and the underclassmen pictures. Nor can we pass over the efforts and hard work of our two student photographers, Frank Grady, who was responsible for the montages of the buildings, and Art Ludwig, who arranged the division-page montages. Nearly all the fine pictures in this book are the results of their labors. Finally, we wish to thank all our patrons and advertisers for their part in making this Annual possible.
